

Add an Attachment to an Assignment

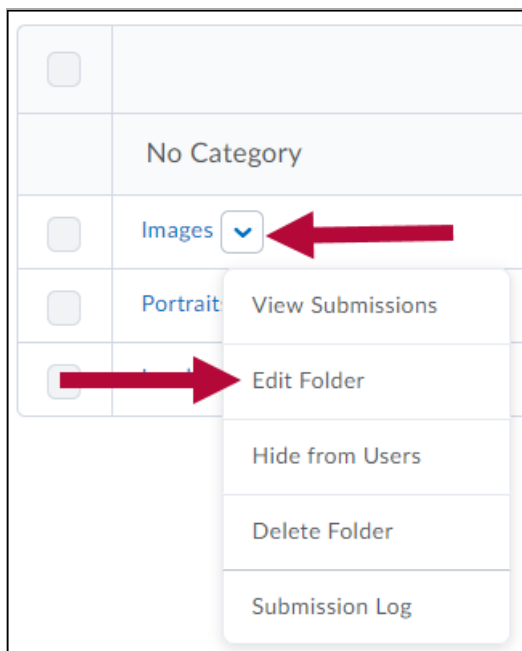

Last Modified on 03/27/2024 2:16 pm CDT

Instructors often have supporting documents or other files that students need to complete an assignment. These files can be worksheets to be completed, essay prompts, image files, or any other file necessary to complete the assignment. These files can be attached to the Assignment so that students can download and save them.

NOTE: For a list of restricted file types, please refer to [Restricted File Extensions](https://community.d2l.com/brightspace/kb/articles/3628-restricted-file-extensions) (<https://community.d2l.com/brightspace/kb/articles/3628-restricted-file-extensions>).

Attaching a File to An Assignment

1. Click the dropdown next to the **Assignment** you want to attach a file to and select **[Edit Folder]**.

2. Scroll down to the toolbar at the bottom of the screen.
3. You will see icons for uploading files.

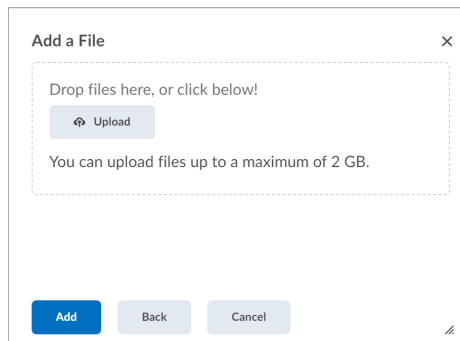

4. You will see the options for
 - A. **[File Upload]**
 - B. **[Add Existing Activity]**
 - C. **[Add Weblink]**, and **[Record Audio]** and **[Record Video]**.

To Upload a File

1. Click the **[File Upload]** link.

2. Upload the file in the window that opens.

To Add an Existing Activity
