# **Making Groups for Dual Credit Courses** Last Modified on 09/19/2023 10:02 am CDT

Groups are a useful tool for Dual Credit courses. Many dual credit students are in separate class periods at their high school but are placed in a single class section in D2L. By using the Groups tool to create a group for each class period, it is possible to organize and view students by their high school class period.

#### **Creating Groups based on (High School) Class Period**

1. Create a Group Category: In your course, go to [Collaboration], then click [Groups]. Then on the Manage Groups page, click [New Category].

Zoom Meetings	You have not defined any groups. Click New

2. On the New Category page, create a Category Name, and a Description if desired. For the Enrollment Type, choose [# of Groups - No Auto Enrollments]. For the Number of **Groups**, choose the number of class periods. When done, click the **[Save]** button.

**NOTE:** For further details on creating a Group Category, please refer to the **Create Groups** (https://vtac.lonestar.edu/help/create-groups) article.

 Rename/Edit Groups: You will likely need to make edits to individual groups, including renaming the groups to match each class period. To edit a group, from the Manage Groups page, click any [Group Name]. This will take you to the Edit Group page, where you can edit the Group Name and Group Code. Click [Save] when done.

## **Using Class Period Groups**

Once you have created groups for your dual credit students based on their high school class period, and enrolled the students into the groups, you can use these groups to organize students by class period in the **Gradebook**, when viewing **Class Progress**, in the **Classlist**.

#### 1. View Gradebook by Class Period:

 To view only the Grades of the students in a single group in the Gradebook, go to the Enter Grades tab, and in the View By drop-down list, select [Groups], and click the [Apply] button.

• Then in the **Groups** drop-down list, select the **[***Group* **Name]** of the group for which you would like to view grades, then click **[Apply]** again.

### **Using Groups with Discussions**

You can restrict **Discussion Forums** and **Topics** based on **Groups** so that you can have only one class period or a particular set of class periods participate in one or more Discussion Topics.

**NOTE:** For information on creating Discussion Forums and Topics, refer to the **Create Discussion Forums and Topics** (https://vtac.lonestar.edu/help/a057) article.

1. Navigate in your course to [Collaboration], and then [Discussions], and then on the Discussions page, click the [Group and Section Restrictions] tab.
