1. From the **Evaluation & Feedback** panel, click **[Manage Turnitin]**.
For general settings in **Turnitin Feedback Studio**, see Use [Turnitin with Assignments](https://vtac.lonestar.edu/help/use-turnitin-with-assignments) (<https://vtac.lonestar.edu/help/use-turnitin-with-assignments>).

The screenshot shows a dropdown menu titled "Evaluation & Feedback" with a downward arrow. Below the title is a horizontal line. The menu contains several sections: "Rubrics" with a blue "Add Rubric" link and a downward arrow; "Learning Objectives" with the text "No learning objectives" and a blue "Manage Learning Objectives" link; "Annotation Tools" with a checked checkbox and the text "Make annotation tools available for assessment"; "Anonymous Marking" with an unchecked checkbox and the text "Hide student names during assessment"; and "Turnitin Integration" with the text "Turnitin™ adds additional functionality to evaluation." At the bottom of the menu, the "Manage Turnitin" link is highlighted with a red rectangular box.

2. In the **Turnitin Integration** popup window, select **[Enable Online Grading]**.
3. From the **Transfer** area, select the appropriate radio button.
 - **[Automatically sync grades as Draft in Brightspace]** - Allows Online Grading to push grades to D2L automatically, but they will be in draft mode.
