

# Connect a Rubric to an Assignment

Last Modified on 08/09/2021 10:10 am CDT

## Show Video Walkthrough

1. From the Assignment Submissions Folder List (**Course Activities > Assignments**), select **Edit Folder** from the context menu next to the Assignment name.
2. Click **Add Rubric** on the **Properties** tab.
3. Select the rubric you wish to associate with the Assignment from the list.
4. Click on **Add Selected**.
5. Click **Save and Close**.

**NOTE:** Only published rubrics can be connected to an activity. If you do not see the rubric you are looking for to add to the assignment, you have probably forgotten to set its status to "Published." Do that in Rubrics, then go back and add the rubric as instructed above.
