

Restore a Deleted Discussion Topic

Last Modified on 03/24/2025 7:51 pm CDT

You may find that you have deleted a discussion topic that you later decide you would like to restore. You can do this in the discussions tool as long as your settings allow for deleted posts to be displayed.

Display Deleted Posts

1. From the Course **Navbar**, select **[Collaboration]** followed by **[Discussions]**.

2. From the **Discussions** area, select **[Settings]**.

3. Under the **Personal Settings** section, check the box next to **[Display deleted posts]** followed by **[Save]**.

Discussions Settings

Personal Settings

Display Settings

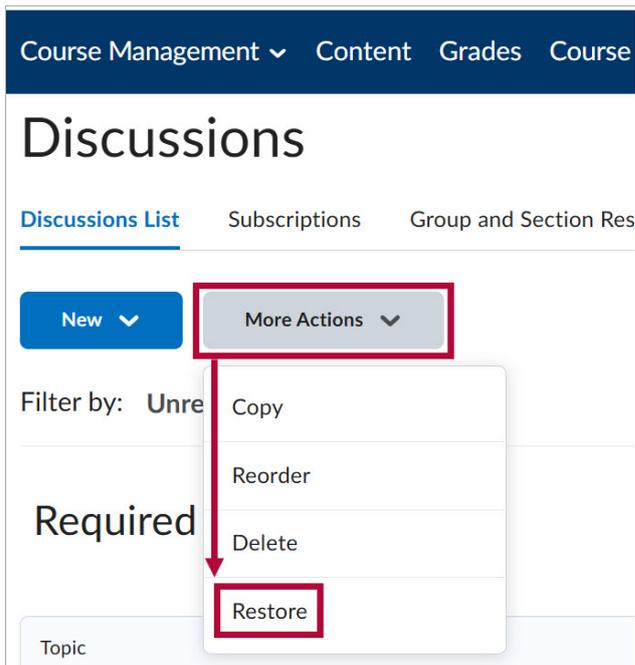

- Always show the Discussions List pane 
- Display deleted posts 

NOTE: The example below illustrates what deleted posts look like. You will have the option to **[Show deleted thread]** so that you may view it, and an option to **[Restore Thread]** so that students may view and reply to the thread.

To Restore a Deleted Topic

1. From the **Discussion List** tab, select **[More Actions]** followed by **[Restore]**.

The screenshot shows the 'Discussions' page in a course management system. At the top, there are navigation tabs: 'Course Management', 'Content', 'Grades', and 'Course'. Below this is the 'Discussions' header, followed by sub-tabs: 'Discussions List', 'Subscriptions', and 'Group and Section Res'. A 'New' button is visible on the left. A 'More Actions' dropdown menu is open, showing options: 'Copy', 'Reorder', 'Delete', and 'Restore'. The 'Restore' option is highlighted with a red box. A red arrow points from the 'More Actions' button to the 'Restore' option. The background shows a discussion topic titled 'Required' with a 'Filter by: Unre' dropdown.

NOTE: When you restore a **Forum**, you will be given the option to also restore any topics it contains.

2. Click **[Restore]** under the **Action** column next to the forum or topic you want to restore.

Discussions List > Restore View

Restore Forums and Topics

Forum > Topic	Deleted By	Date Deleted	Action
Required Discussions > Discussion 3	[REDACTED]	Mar 24, 2025 4:00 PM	Restore

NOTE: All threads and replies will also be restored.

3. Select **[Yes]** to confirm.

Confirmation

Are you sure you would like to restore "Discussion 3"?

Yes No
