LOR: Update a Learning Object

You can only update objects you have published to the LOR in the Shared Faculty Repository. You cannot edit them in the LOR; you must edit them inside your course and then Publish to the LOR.
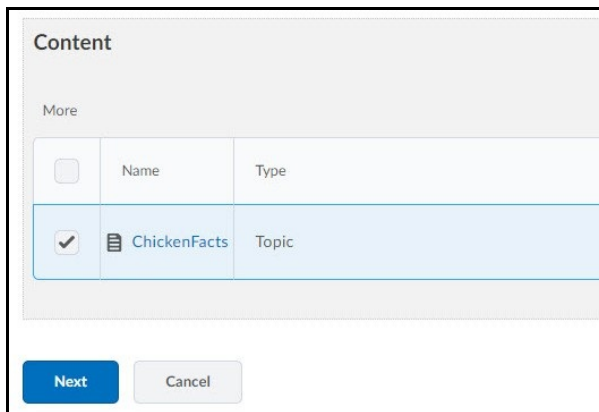

1. Inside your course, make changes to your original object.
2. Click the arrow next to the object, and select the **Publish to LOR** option.
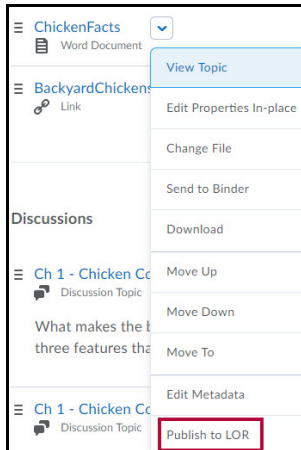

3. Select the **Overwrite an existing** object option, and click the **Search** button.
4. Search for your object, and then select the object to overwrite, and click the **Select** button.

5. Click the **Next** button.
6. (Optional) Modify the Title, Description, and Keyword fields.
7. Click the **Publish to LOR** button.
