Release Condition Types

Condition Type	Description
Awards - Award Earned	The user must have earned a specific award in order to fulfill the release condition
Checklist - Completed checklist	The user must complete all items on the selected checklist in order to fulfill the release condition
Checklist - Incomplete checklist	The user must not complete one or more items on the selected checklist in order to fulfill the release condition
Checklist - Completed checklist item	The user must complete a specific item on the selected checklist in order to fulfill the release condition
Checklist - Incomplete checklist item	The user must not complete the specific item on the selected checklist to fulfill the release condition
Classlist - Group enrollment	The user must be enrolled in a specific group in order to fulfill the release condition
Classlist - Org unit enrollment	The user must be enrolled in a specific org unit in order to fulfill the release condition
Classlist - Section enrollment	The user must be enrolled in a specific section in order to fulfill the release condition

Condition Type	Description
Classlist - Role in current org unit	The user must either: • be enrolled as a specific role • not be enrolled as a specific role in order to fulfill the release condition
Classlist - Date of enrollment in current org unit	The user must be enrolled in the current org unit for a specified number of days in order to fulfill the release condition. The release condition includes the following options: • Use first enrollment date • Use last enrollment date
Competencies - Competency achieved	The user must complete a specific competency in order to fulfill the release condition
Competencies - Competency not yet achieved	The user must not complete a specific competency in order to fulfill the release condition
Competencies - Learning objective achieved	The user must complete a specific learning objective in order to fulfill the release condition
Competencies - Learning objective not yet achieved	The user must not complete a specific learning objective in order to fulfill the release conditions

Condition Type	Description
Competencies - Score on associated rubric	The user must achieve a specified Score and Threshold level on a learning objective, based on an associated rubric, in order to fulfill the release condition
Content - visited content topic	The user must visit a specific content topic in order to fulfill the release condition
Content - Not visited content topic	The user must not visit the specified content topic in order to fulfill the release condition. Depending on your organization's security configurations, especially if the **d2l.Tools.ManageFiles.UseContentRestrictedSecurity** configuration variable is set to ON, users may not be able to access specified content topics at all when this release condition is set
Content - Visited all content topics	The user must visit all content topics in the course offering in order to fulfill the release condition
Content - Completed content topic	The user completes a content topic. The method of completing the topic depends on the type, such as viewing a file or submitting an assignment. This release condition ignores exemptions, meaning that if the learner completes the activity, the release condition can be met, regardless of the activity being required, optional, or exempt.
Discussions - Posts authored in topic	The user must author a specified number and type of posts in a designated module or topic to fulfill the release condition. This can specify either **No Threads**, **No Replies**, or **No Threads or Replies**.
Discussions - No posts authored in topic	The user must not author any number or type of post in a designated module or topic to fulfill the release condition. This can specify either **No Threads**, **No Replies**, or **No Threads or Replies**.

Condition Type	Description
Discussions - Score on associated rubric	The user must achieve a specified Score and Threshold level on a discussion module or topic, based on an associated rubric, in order to fulfill the release condition
Assignments - Submission to Assignment	The user must make a submission to a specified assignment in order to fulfill the release condition
Assignments - No submission to Assignment	The user must not make a submission to a specified assignment in order to fulfill the release condition
Assignments - Receive feedback on Assignment submission	The user must receive feedback on a submission to a specified assignment in order to fulfill the release condition
Assignments - Score on associated rubric	The user must achieve a specified Score and Threshold level on an assignment submission, based on an associated rubric, in order to fulfill the release condition
Grades - Grade value on a grade item	The user must achieve a specified grade value on a grade item in order to fulfill the release condition
Grades - No grade received	The user must not receive a specified grade value on a grade item in order to fulfill the release condition

Condition Type	Description
Grades - Released final grade score	The user must have their final grade score set to released, or set to released plus the final grade meeting a defined threshold, in order to fulfill the release condition. **NOTE**: This release condition is evaluated beginning from the first time the grade is released, and cannot be revoked once it is fulfilled. Therefore, if your grade book is set up to release final grades throughout a course, and/or drop ungraded items, the release condition may be fulfilled sooner than expected (i.e. before the end of the course). D2L recommends using this release condition in combination with other release conditions or intelligent agents to ensure that the event or content triggered by the released final grade score occurs at the anticipated time.
Grades - Score on associated rubric	The user must achieve a specified Score and Threshold level on a grade item, based on an associated rubric, in order to fulfill the release condition
Quizzes - Score on a quiz	The user must achieve a specified score on a quiz in order to fulfill the release condition. Score on a quiz is triggered by publishing a score on a quiz attempt or manually overriding a quiz score via Grades.
Quizzes - Completed quiz attempt	The user must achieve a specified number of attempts of a quiz in order to fulfill the release condition
Quizzes - Score on selected questions	When a quiz has a learning objective with associated questions and an assessment method attached to it, the user must achieve a specified grade value on the learning objective in order to fulfill the release condition
Quizzes - Score on associated rubric	The user must achieve a specified Score and Threshold level on a quiz, based on an associated rubric, in order to fulfill the release condition

Condition Type	Description
Quizzes - No completed quiz attempt	The user must not complete any attempt on a quiz in order to fulfill the release condition
Surveys - Completed survey attempt	The user must achieve a specified number of attempts of a survey in order to fulfill the release condition
Surveys - No completed survey attempt	The user must not complete any attempt on a survey in order to fulfill the release condition
