

# Getting Started with SoftChalk

Last Modified on 03/19/2025 10:40 am CDT

SoftChalk Cloud is a program that allows faculty to easily create professional-looking, interactive lessons to upload into their online classes. SoftChalk Cloud content resides online in a SoftChalk Cloud account rather than being uploaded into D2L. If you decide to host your content in SoftChalk Cloud rather than in your D2L course, it is highly recommended that you also keep a local copy using the **SoftChalk Create App (Desktop App)**.

## Access SoftChalk Create Online

1. Go to the **LSC SoftChalk** page at [lonestar.softchalkcloud.com](https://lonestar.softchalkcloud.com) (<https://lonestar.softchalkcloud.com/login>)
2. Go through the **LSC Single Sign-On** process and login with your **LSC Email Address** and **LSC Password**.

The screenshot shows the Lone Star College Sign in page. At the top left is the Lone Star College logo. Below it is the text "Sign in". Underneath is a text input field with the placeholder text "Email, phone, or Skype". Below the input field is a blue link that says "Can't access your account?". To the right of the input field is a blue button with the text "Next". At the bottom of the page, there is a grey footer area with the text "Need IT help? Go to [LoneStar.edu/ITHelp](https://lonestar.edu/ITHelp) or call 281.318.HELP (4357)."

3. Upon successful log-in, you'll land on the **Lessons** page below.

The screenshot shows the Lone Star College SoftChalk interface. At the top, there is a navigation bar with the Lone Star College logo and a user profile dropdown for '(lonestar) | Logout'. Below the navigation bar, there are tabs for 'My Content', 'ScoreCenter', 'SoftChalk Share', 'Account', and 'About'. The main content area is divided into two sections: 'ACTIONS' and 'Lessons'.

**ACTIONS:**

- + Create Lesson (dropdown arrow)
- Upload Lesson
- Create Folder

**STORAGE:**

1.91 MB of 2.00 GB used

**Lessons Table:**

<input type="checkbox"/>	Name	Privacy	
<input type="checkbox"/>	123456	Personal	6
<input type="checkbox"/>	12345	Personal	6
<input type="checkbox"/>	test	Personal	6
<input type="checkbox"/>	Fatty Acid Synthesis	Personal	9

- If you wish to create your SoftChalk lesson online, select **[Create Lesson]** → **[Use Create Online]**.

This close-up screenshot shows the 'ACTIONS' section of the interface. The 'Create Lesson' dropdown menu is open, and the 'Use Create Online' option is highlighted with a red rectangular box. Below it, the 'Use SoftChalk Create' option is visible. The 'STORAGE' section below shows '1.91 MB of 2.00 GB used'.

- Refer to the [SoftChalk Training Videos](https://softchalk.com/support/training) (<https://softchalk.com/support/training>) and [SoftChalk User Guides](https://softchalk.com/support/user-guides/) (<https://softchalk.com/support/user-guides/>) to learn how to create your lessons with SoftChalk. If you would like to use the **SoftChalk Desktop App** to create your lessons, please follow the instructions in the next section.

## Install and Access SoftChalk Create App [Desktop Application]

- After logging in, select **[Create Lesson]** → **[Use SoftChalk Create]**.

LONE STAR COLLEGE

(lonestar) | Logout

My Content | ScoreCenter | SoftChalk Share | Account | About

ACTIONS

- + Create Lesson
- Upload Lesson
- Create Folder

STORAGE

1.91 MB of 2.00 GB used

Lessons

<input type="checkbox"/>	Name	Privacy	F
<input type="checkbox"/>	123456	Personal	6
<input type="checkbox"/>	12345	Personal	6
<input type="checkbox"/>	test	Personal	6
<input type="checkbox"/>	Fatty Acid Synthesis	Personal	9

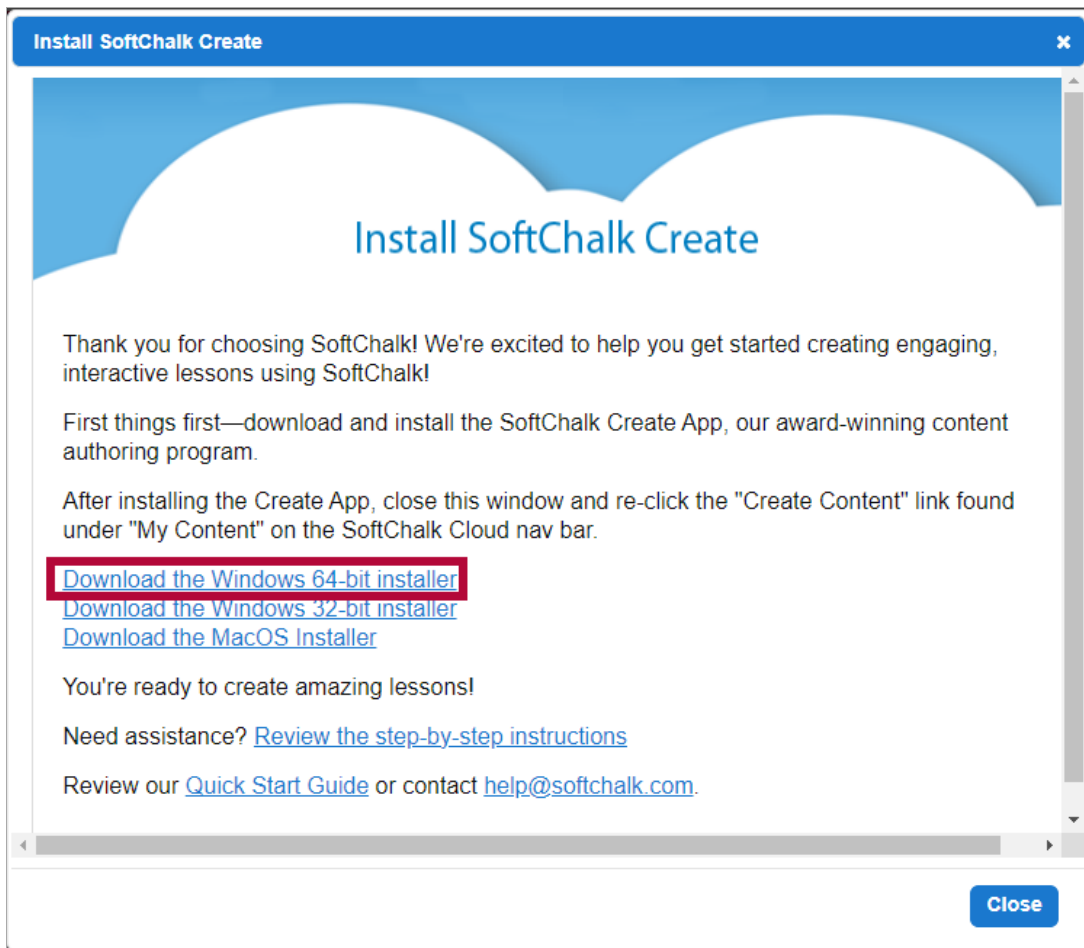

ACTIONS

- + Create Lesson
- Use Create Online
- Use SoftChalk Create

STORAGE

1.91 MB of 2.00 GB used

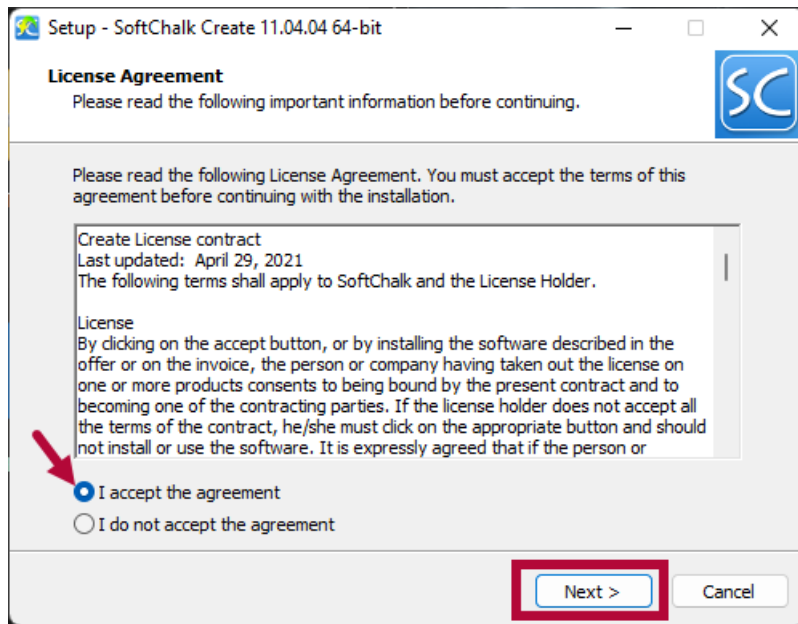

2. On the following window, select **[Download the Windows 64-bit installer]**.

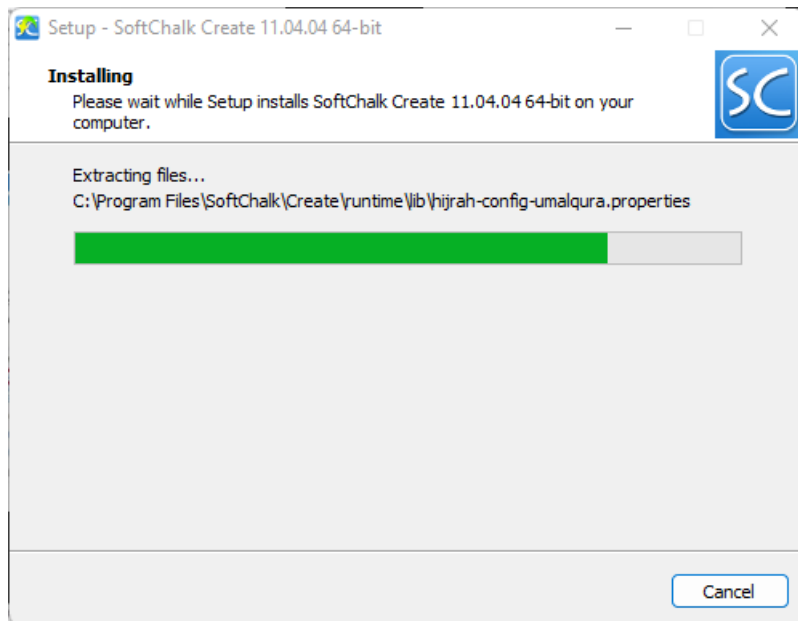

3. After downloading the **SoftChalk Create App** installer, open the installer by double clicking the launcher icon.

4. Click **[I accept the agreement]** → **[Next]**.

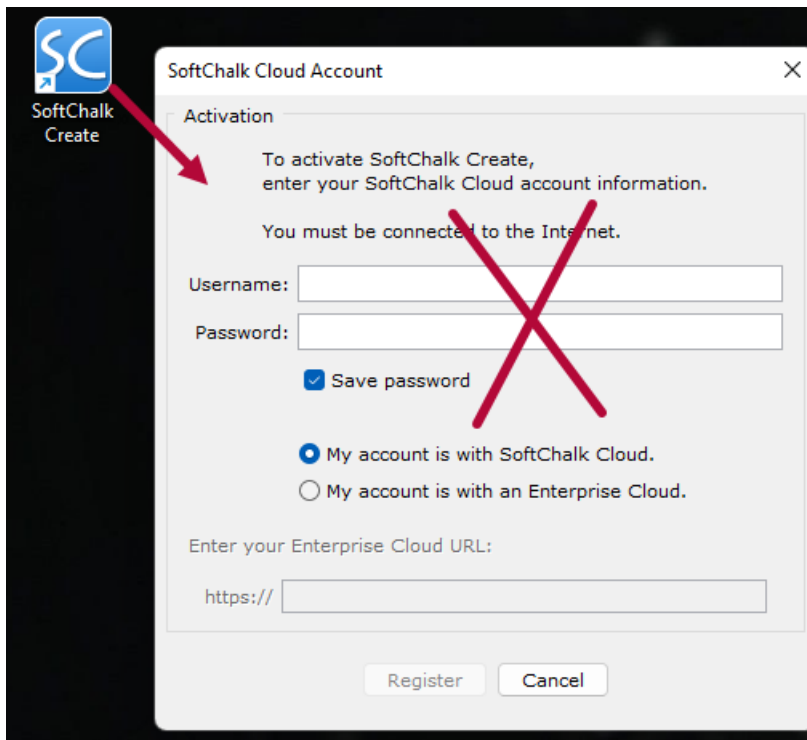

5. Wait for the installation to complete.

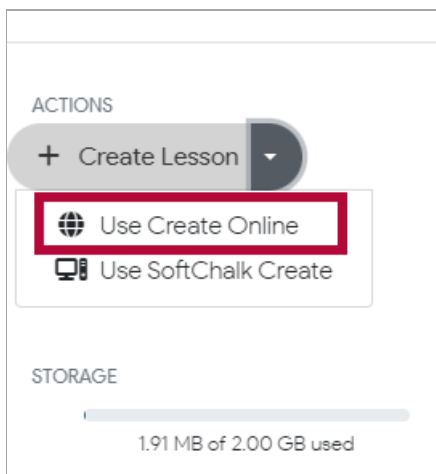

6. When the installation is completed, the window will close. You may see the **[SoftChalk Create]** shortcut now located at where you installed the program, opening the shortcut will show the window in the screenshot below.

**NOTE:** You do **NOT** want to log into SoftChalk Cloud through this window, as **your LSCS Username and Password will not work here.**

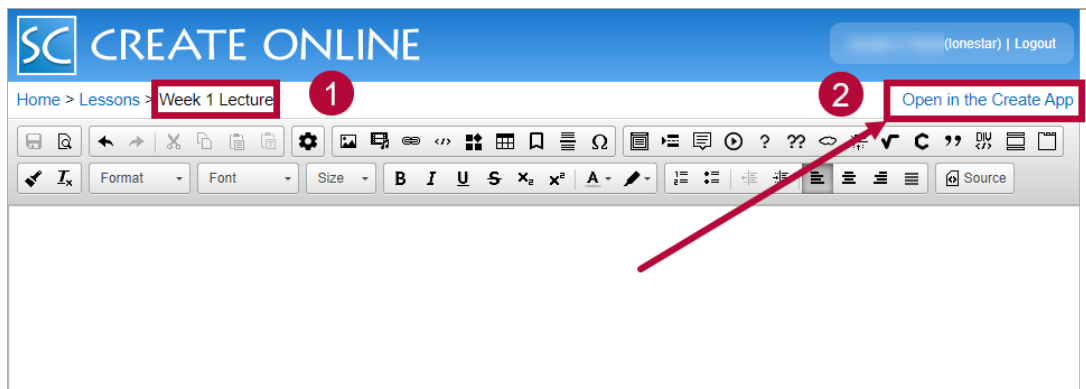

If you see the following, please close the window and head back to your **LSC SoftChalk** site through a web browser.

7. Back on the **Lessons** page, select **[Create Lesson]** → **[Use Create Online]**.

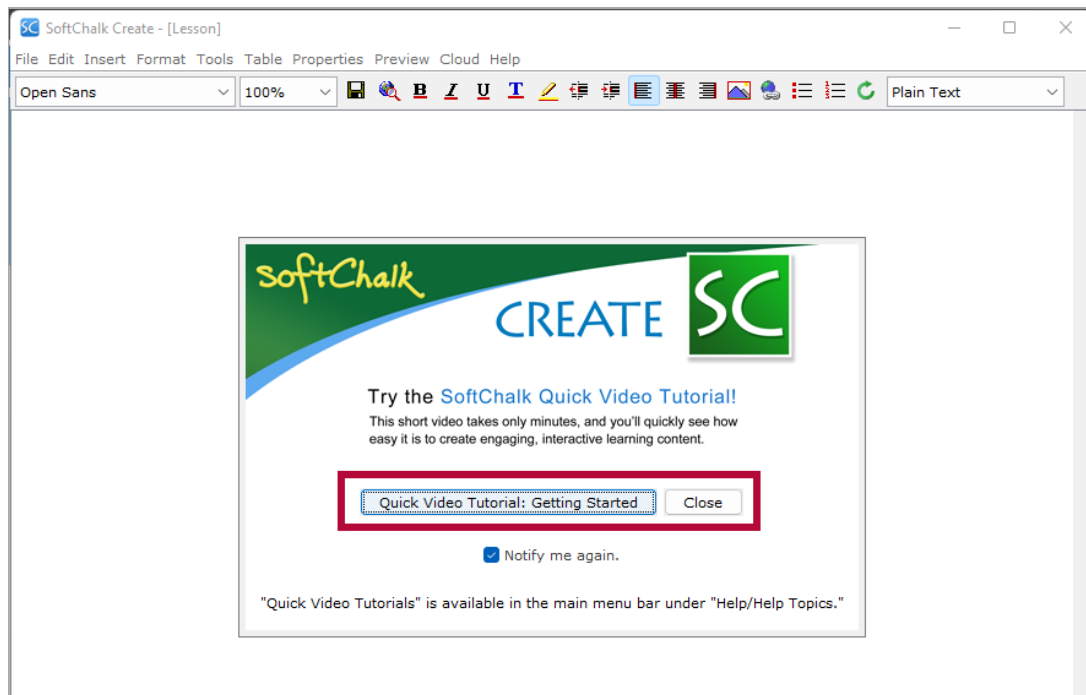

8. On the **Create Lesson** page, **name your lesson**, then click on **[Open in the Create App]**.

9. The **SoftChalk Create App** that was installed should now launch correctly. You can either view the **[Quick Video Tutorial: Getting Started]** video, or close the popup.

You are ready to create lessons using the **SoftChalk Create App**.
