

LockDown Browser Autolaunch

Last Modified on 05/26/2020 6:28 am CDT

LockDown Browser is not launched from a desktop shortcut; instead, students open D2L in their usual browsers, navigate to the quiz, and choose the "Launch LockDown Browser" button at the bottom of the screen.

Instructions

You can "Save" your response to each question as you work through the quiz. When you navigate to the Next Page or Previous Page, all your responses on the current page will be automatically saved.

Before you submit the quiz, you will have the opportunity to return to questions that you may have missed or have not yet answered. You can submit your quiz responses at any time.

When you have finished reviewing these instructions, click on "Start Quiz" to begin Attempt 2.

Note: Your quiz may take a few minutes to be set up.

Quiz Requirements

You must use the Respondus LockDown Browser to take this quiz.
