

# Multimedia Services

Last Modified on 06/11/2025 10:06 am CDT

Lone Star College offers professional multimedia services at many of its main campuses to enhance your online instruction. Each campus is different; some require you to handle the equipment yourself while others require a staff member. Please consult the table below to see what multimedia options are available at the campus nearest you.

Multimedia work is usually available on a first-come, first-served basis. If editing is required, please allot at least three weeks of time after the recording is complete.

LSC-Tomball - Multimedia Services

## LSC-University Park
