

# Add a User to a Course

Last Modified on 06/09/2022 4:29 pm CDT

This process is to add employees (including adjuncts) to courses, not students. You may wish to add others to your course so they can observe, participate in instruction, or copy course content.

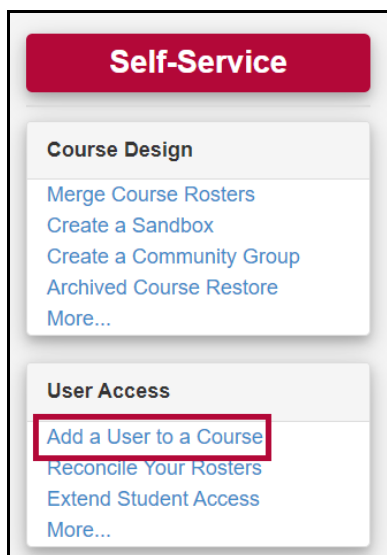

(To add a student to your course, see [Reconcile Your D2L and iStar Rosters](#)

(<https://vtac.lonestar.edu/help/a265>.)

Show Video Walkthrough

## Fill in the "Add A User to a Course" Form

1. Log into **D2L**.
2. Click **VTAC Support** on the navbar. You may be prompted to log in with your Lone Star email and password.
3. In the **Self-Service** column under **User Access**, click on **[Add a User to a Course]**.

4. Select the appropriate term for your course from the dropdown menu, and check the circle next to the correct course.

**Select a Course**

Course Filters

Select Term  
2021 Fall

Courses Available

Environmental Science I

UWBW 1001 1001 1 Environmental Science I

Environmental Science I

Environmental Science I

Environmental Science I

5. From the dropdown menu, select the level of access to grant to the user. There are seven possible levels. (If you choose a role that allows the user to add or use content, you will see a warning popup. Simply click OK if that is the role you'd like.)

**User and Access Selection**

Access Level

What access level should be given?

Select One

Observer  
Scribe-Interpreter  
Advisor  
Learning Support Personnel  
Teaching Assistant  
Faculty  
Copy Only

### View D2L Roles Chart (<https://vtac.lonestar.edu/help/d2l-roles>) for details.

- **Observer** - Observers can view student data, including User Progress. Observers cannot participate in discussions or copy courses, but they can view setup options and preview quizzes and surveys. Users will appear as *Student* on the classlist, but will not show up in the gradebook.
- **Scribe-Interpreter** - Users will appear as *Student* on the classlist, but will not be able to take quizzes.
- **Advisor** - Users will have a limited view of student information but no editing ability in the course. Viewing access includes Class Progress, Classlist, Groups, Manage Files, and Quizzes. Users will appear as *Advisor* on the classlist.
- **Learning Support Personnel (LSP)** - Users have student-level access but will be able to

view grades, feedback, and student feedback as well as edit Quiz Submission Views. This role is often used in Dual Credit courses; it is meant to facilitate student learning by providing users a view similar to that of students. Users will appear as *LSP* on the classlist.

- **Teaching Assistant** - Users will have access to add and modify course content, the ability to post news announcements to the course, and the ability to participate in discussions. Teaching Assistants will also have faculty-level access to the course calendar. Users will appear as *Teaching Assistant* on the classlist.
- **Faculty** - Users added as faculty will have the same rights as the original faculty member, including editing content, quizzes, etc. Users will appear as *Faculty* on the classlist.
- **Copy Only** - Users cannot edit the course or content, but they can copy material **FROM the course** into their courses or community groups/sandbox. Users will appear as *Copy Only* on the classlist.

View **D2L Roles Chart** (<https://vtac.lonestar.edu/help/d2l-roles>) for details for each of the following:

- View Content,
- Create/Edit Content,
- View Quiz/Assignment/Discussion,
- Create/Edit Quiz/Assignment/Discussion,
- View Submissions,
- Grade/Edit Submissions,
- View News Announcement,
- Create/Edit News Announcement,
- View Gradebook single user,
- View Gradebook for all students,
- Create/Edit Gradebook,
- Create/Edit Grades,
- Export Grades,
- Access course not Active,
- Access course outside start/end dates,
- View Class Progress.

**NOTE:** An observer may have already been placed in your course through iStar. Observers show up on the All tab of the Classlist, not the Student tab, but they are listed with a student role.

6. Enter the username or ID number of the user you'd like to add, and then click the **Lookup** button. (To find the username, see the instructions below.)

**Select User(s)**

Type User Name or User ID of the person you wish to add.

username OR 1111111 **LOOKUP**

You can also try the "Populate" button below to populate other faculty members who teach the same course.

**POPULATE**

Mary Poppins  
mary.poppins@lonestar.edu

- After you click Lookup, the user's name and email will appear below the Populate button. If it does not, either the user is not in the D2L user database, or you have entered the username/ID number incorrectly. Check the box next to the user's name.

**NOTE:** You may also click the **Populate** button to see a list of other instructors teaching the same subject.

- The Submit panel will allow you to review your choices; when you are satisfied, click **Submit**.

**Submit Selection**

⚠ Review selections listed below, then click submit to complete the request.

**Selected Course:**

UWBW 1001 1001 Environmental Science I

**Users to Add as 'Faculty':**

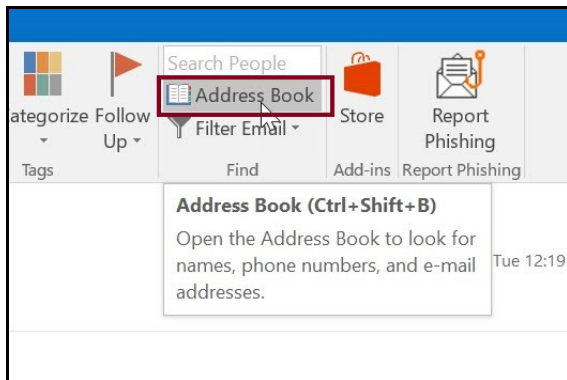

👤 Mary Poppins  
mary.poppins@lonestar.edu

**SUBMIT**

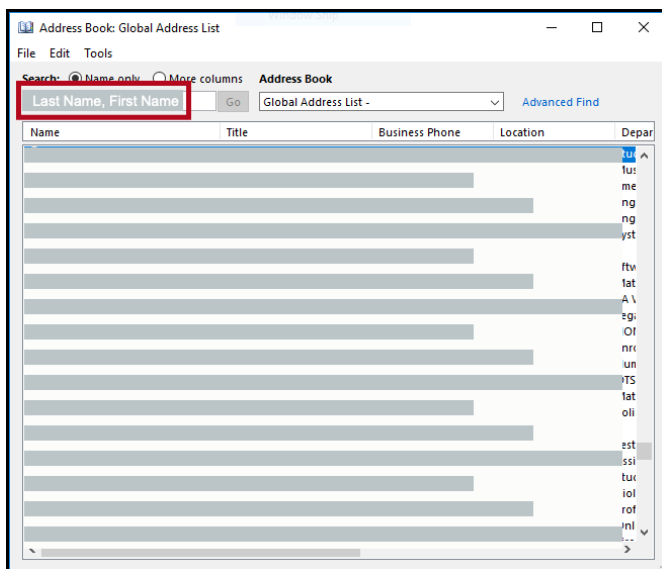

**NOTE:** If you want to change the access level of someone who is already in the course, you can use the Add User form to add them with the updated role.

## Finding a Username (Microsoft)

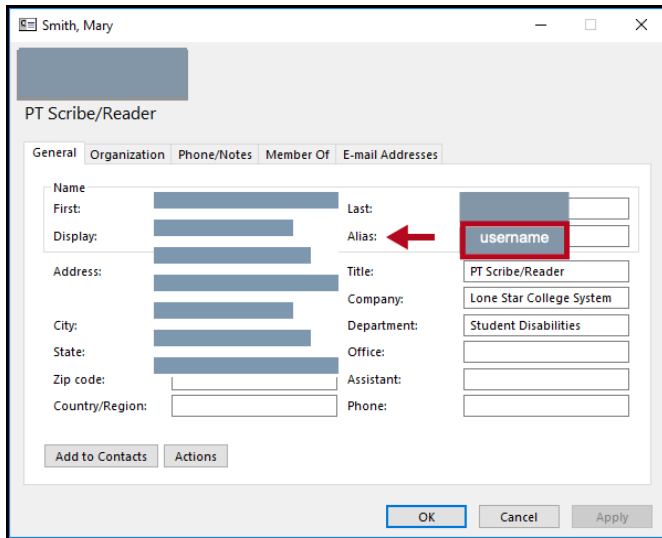

1. Open Microsoft Outlook.
2. In the Find area, click the **Address Book** icon or press CTRL+SHIFT+B.

3. In the name field, enter the Professor's name (last name first).

4. Double-click the blue highlighted name. The username is in the Alias field.

## Finding a Username (Mac)

1. Open Microsoft Outlook.
2. Search in the **Find a Contact** box.

3. A pop-up window with each result in a tile displays.

4. Double-click the tile and the contact card displays. The username is in the Alias field.
