McGraw-Hill Integration Updates in D2L

Posted in D2L on May 16, 2025 3:35 PM

McGraw-Hill is consolidating its digital tools under a single D2L integration called **McGraw Hill LTI 1.3**. This unified integration now supports **Connect**, **Go**, and **SIMnet**.

New Changes

- You will now see a single option in D2L called **[McGraw Hill LTI 1.3]** for Connect, Go, and SIMnet.
- The legacy tools—*McGraw Hill Go 1.3* and *McGraw Hill SIMnet 1.3*—will continue to function and remain available **through the end of the Fall 2025 semester**.
- **ALEKS** remains a separate tool for now and is not included under McGraw Hill LTI 1.3.

Next Steps for Faculty

- **New Pairings:** Please use the **McGraw Hill LTI 1.3** option moving forward when adding Connect, Go, or SIMnet to your courses.
- **Existing Pairings:** If your current course is already paired using the old tools (e.g., Go or SIMnet), you can continue using them without disruption until December 2025.

How to Add McGraw-Hill Tools

1. Navigate to your D2L **Content Module**.
2. Select **[Add Existing Activities]** → **[McGraw Hill LTI 1.3]**.
3. Choose the product you are using (e.g., **Connect**, **SIMnet**, or **Go**).

If you need further assistance, please contact VTAC at VTAC@lonestar.edu ([link](#)).

Roster Sync issue in D2L Merged Lecture/Lab Sections Posted in D2L on May 16, 2025 10:34 AM

There is currently an ongoing issue in D2L affecting Merged Lecture/Lab Sections. When a lecture section is merged with its associated lab section in D2L, students enrolled in both who are later unenrolled from the course in iStar are not fully removed from D2L.

Although these students are correctly unenrolled from both individual sections in D2L, they remain enrolled in the **Course Offering** (the overall course shell) due to a system error.

NOTE: This issue **ONLY** affects Merged Lecture/Lab Sections where the student is enrolled in both components and is dropped from both at the same time. Other types of student unenrollments are not impacted.

In the **Classlist**, affected students will still appear when viewing by *User*, but not when [viewing by Sections](https://vtac.lonestar.edu/help/use-classlist#view-by-sections-or-groups) (<https://vtac.lonestar.edu/help/use-classlist#view-by-sections-or-groups>)—since the **Reconcile Rosters Form** removes users by section, it unfortunately cannot be used to remove students affected by this issue.

We are actively working with D2L to resolve the issue and will provide updates as they become available.

If you encounter affected students, please email VTAC@lonestar.edu with their names, Student ID numbers, and the relevant course(s), and we will manually remove them from the D2L Course Offering.

Meet the Ellis C. AI Chatbot for VTAC Posted in D2L on Apr 22, 2025 1:50 PM

We're excited to introduce **Ellis C.**, the new AI-powered virtual assistant built into VTAC. It is trained on all articles available in VTAC and is designed to provide quick, accurate, and helpful answers to faculty questions. Ellis C. is still in its early stages and continues to improve through regular updates and faculty feedback.

You can ask Ellis C. questions such as:

- *How do I copy course content?*
- *How can I build an accessible course?*
- *Where do I enter final grades?*

If the chatbot cannot find exactly what you're looking for, it will prompt you to refine your question or use the **VTAC search bar** for more specific results. Please refer to the new [Ellis C. If you need to regain access to an archived course, please go to [VTAC Support](https://vtac.lonestar.edu/help/vtac-support) (<https://vtac.lonestar.edu/help/vtac-support>) and select the **[Archive/Restore Courses]** tool under **Course Design**. Also starting on May 9th, all D2L courses from 2017 will be purged. The purge process will result in the *complete deletion of course data*.

This yearly process helps maintain system performance in D2L and is completed in accordance with Office of the General Counsel policy.

If you have 2017 course data that has not been backed up, please do so as soon as possible. You can either [create a sandbox](https://vtac.lonestar.edu/help/create-a-sandbox) (<https://vtac.lonestar.edu/help/create-a-sandbox>) and [copy the content to it](https://vtac.lonestar.edu/help/copy-course-components-simple) (<https://vtac.lonestar.edu/help/copy-course-components-simple>) or [export your content to a .zip file](https://vtac.lonestar.edu/help/a011) (<https://vtac.lonestar.edu/help/a011>).
