Export D2L Grades to iStar Posted in D2L on Feb 19, 2026 1:00 PM

Starting today, **Thursday, February 19**, you'll be able to submit final grades from your D2L course directly into iStar quickly and easily, helping you spend less time on manual entry and more time focusing on your students.

How this fits into your current grading process

This new D2L-to-iStar integration offers an additional, secure, and optional way to submit final grades, reflecting faculty feedback and our shared focus on continuous improvement across our learning and student information systems. For faculty who choose to use it, this option allows grades to move directly from D2L to iStar, reducing duplicate entry.

Importantly, **the current manual grade entry process in iStar will remain available and valid**, and faculty may continue submitting grades using the method that works best for them.

Why some grades aren't included

This release supports courses using a **letter grade scheme**. **CE courses, Pass/Fail, Pass/No-Pass, IP (In-Progress), and I (Incomplete)** grades are not included and will continue to be submitted using the current process.

Training opportunities coming soon!

OTS will be offering training sessions to help you get familiar with the new D2L-to-iStar grade submission process. Please watch for upcoming reminders with training dates and details.

We're here to support you

For more information, please see our [Export Grades to iStar \(https://vtac.lonestar.edu/help/export-grades-to-istar\)](https://vtac.lonestar.edu/help/export-grades-to-istar) VTAC article, as well as this [short video \(https://vimeo.com/1161221461\)](https://vimeo.com/1161221461).

If you have questions about setting up or organizing your D2L gradebook, the [Virtual Teaching Assistance Center \(VTAC\) \(https://vtac.lonestar.edu/help/vtac-support\)](https://vtac.lonestar.edu/help/vtac-support) is ready to help. You can also submit a ticket to the IT Service Desk through [LoneStar.edu/ServiceCenter \(https://lonestar.edu/ServiceCenter\)](https://lonestar.edu/ServiceCenter) for support with any iStar issues.

January D2L Update Posted in D2L on Jan 23, 2026 11:01 AM

*The following D2L update went live on **Friday, January 23**.*

Quizzes - Single Session Quiz

- Instructors can now require students to complete a quiz within a single D2L login session, helping maintain academic integrity.
- For example, if a student starts a quiz on a laptop, they cannot continue the quiz on another device such as a smartphone or tablet.
- To enable this option, navigate to the **Availability Dates & Conditions** section while creating or editing a quiz and select **[Lock each attempt to a single login session]**.

If you have questions about this update or would like support using the new feature, please email [VTAC Support \(\)](#).
