

Archive or Restore a Course

Last Modified on 03/17/2025 10:58 am CDT

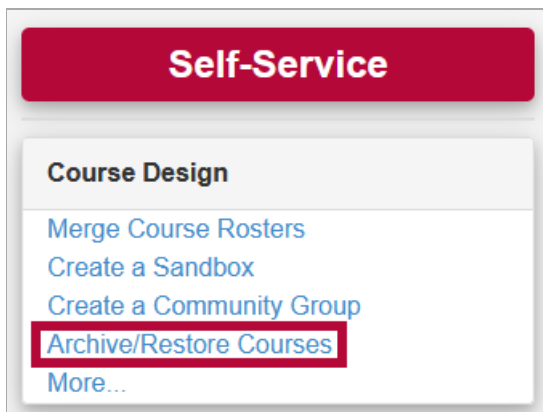

The **Archive and Restore Courses** form can be used to restore or archive courses and sandboxes. The intuitive toggle switch allows you to simply toggle a course's state between *archived* or *available*.

NOTE: All archived courses will be kept for **no more than 7 years** before they are purged. See the [D2L Course Purge \(https://vtac.lonestar.edu/help/a0608\)](https://vtac.lonestar.edu/help/a0608) article for more details on the purging process

1. Click **[VTAC Support]** on the navbar.

2. In the **Self-Service** column, under **Course Design**, click **[Archive/Restore Courses]** to open the form.

3. When opening the form, go to **Select Term** and click **[Select One]**. Then, choose the semester for the desired course from the list.

4. Once you have chosen a semester, all relevant courses and sandboxes will appear under **Courses Available**. For each course you will see the following info:
- Course Title:** This column displays the *Course Title*.
 - Course Offering Code:** This column displays the *Course Offering Code*.
 - Content State:** This column displays whether the course has content.
 - Course Status:** This column will display either *AVAILABLE* or *ARCHIVED*, depending on the current availability of your course.
 - Archive/Restore Switch:** The **[Archive/Restore switch]** changes based on your course's current status (D Column).
 - If the course is *AVAILABLE*, the switch will display a blue *ARCHIVE* button.
 - If the course is *ARCHIVED*, it will display a gray *RESTORE* button.

5. Click the **[Restore]** switch next to any archived course to restore it. Once restored, the course status will change to *RESTORED*, and a green open lock icon will indicate completion. The course will then appear on your D2L dashboard for immediate use (a page refresh may be required for it to appear).

6. Click the **[Archive]** toggle-switch next to any **Available/Restored** course to archive the course. Once you have archived a course, the course's status will change to **Archived** and you will see a yellow closed lock icon indicating the process is complete. The course will then be cleared from your D2L dashboard (a page refresh may be required for it to appear).
