

Restore an Archived Course

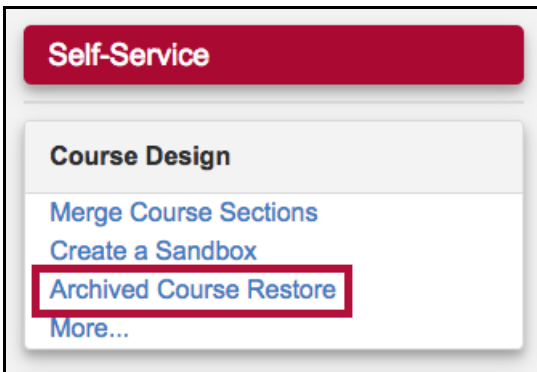

Last Modified on 08/13/2020 9:56 am CDT

Restore a Course that has been archived from your course list.

1. Click **VTAC Support** on the navbar.

2. In the **Self-Service** column, under **Course Design**, click **Archived Course Restore**.

3. Fill out the form that opens. The more information you can provide (i.e., course and section number, accurate semester) the more likely your course can be restored. Click submit when you are finished.

Archived Course Restore Request

This form is for requesting to have old sections restored from archive. Processing time may vary based on the age of the section requested.

Requester Information

1. Name:

2. Phone: (include area code)
