

Download TechSmith Knowmia Videos

Last Modified on 10/20/2021 9:18 am CDT

It may be necessary to save TechSmith Knowmia videos locally, for your archives, to share with someone else, or for any number of reasons.

To Download Your TechSmith Knowmia Video

1. Click **Course Activities** on the navbar and choose **Knowmia**.
2. Click on the video you want to download.
3. Below the video, click the **More** button and select **Download** from the list.

NOTE: If the video contains any captions, quizzing, etc., this data will not remain in the downloaded MP4. Also, each video in your Library will need to be downloaded individually, using this same workflow.

For information about downloading other types of data from Knowmia, please [view this TechSmith article](https://www.techsmith.com/tutorial-knowmia-download-data.html) (<https://www.techsmith.com/tutorial-knowmia-download-data.html>).
