

Student Orientation for Online Courses

Last Modified on 07/01/2020 4:04 pm CDT

Students who are taking any fully online or hybrid courses are required to complete the Student Orientation for Online Courses. They must finish the cumulative quiz with a score of 80% or better before they can access their online or hybrid courses.

Students who have not successfully completed the orientation have a “hold” on their D2L accounts, preventing them from viewing content in their online and hybrid courses. This hold is released when students complete the orientation quiz with an 80% or better score.

For more information:
