

# File Conversion Tool

Last Modified on 03/27/2020 10:20 am CDT

As you are posting materials online, you may need to convert files from one format to another - for accessibility, pedagogical, or various other reasons. As an example, you may want to convert a PDF file to an MP3 so students can access the material in both written and audio form.

You can visit <https://ally.ac/covid19/> to convert files to alternative formats.
