

Set Up Appointment Booking in Webex

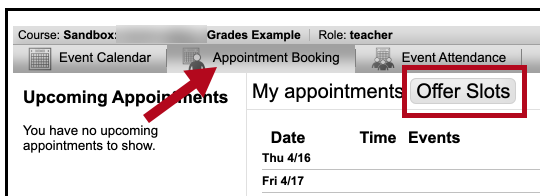

Last Modified on 06/30/2022 4:22 pm CDT

Appointment booking allows you to set up private meetings and give students the opportunity to sign up for specific time slots. You can choose the times appointments are available, their duration, and the time between appointments. Students will be able to view available slots and reserve times. Once an appointment has been reserved, it will no longer be available.

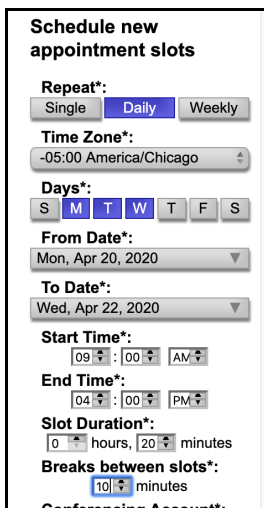

NOTE: Available slots are available to all students in all your courses. If you want a specific set of appointments to be used by students in only one course, you will need to make that clear in your course.

Set Up Appointment Slots

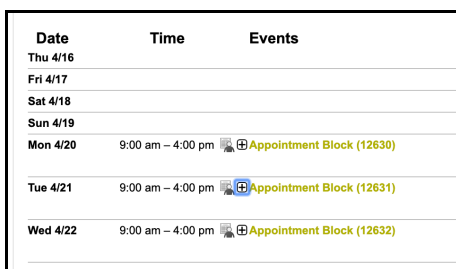

1. Click on Collaboration and choose Webex.
2. Click on the **Appointment Booking** tab in your Webex calendar and then click the **Offer Slots** button.

3. Set up the options for your appointment slots. Pay close attention to all the options to make sure the slots are exactly when you want them to be.

The form includes several sections: 'Repeat*' with buttons for 'Single', 'Daily', and 'Weekly'; 'Time Zone*' with a dropdown menu set to '-05:00 America/Chicago'; 'Days*' with a row of buttons for 'S', 'M', 'T', 'W', 'T', 'F', 'S'; 'From Date*' with a dropdown menu set to 'Mon, Apr 20, 2020'; 'To Date*' with a dropdown menu set to 'Wed, Apr 22, 2020'; 'Start Time*' with a time selector set to '09:00 AM'; 'End Time*' with a time selector set to '04:00 PM'; 'Slot Duration*' with a selector set to '0 hours, 20 minutes'; 'Breaks between slots*' with a selector set to '10 minutes'; and 'Conferencing Account*' at the bottom.

4. Each time period for which you have created slots will show up as a block off time on your calendar.

The 'Events' column shows appointment blocks for Monday, Tuesday, and Wednesday, April 20, 21, and 22. Each block is labeled 'Appointment Block (12630)', 'Appointment Block (12631)', and 'Appointment Block (12632)' respectively, and is scheduled for 9:00 am - 4:00 pm.

Student Booking

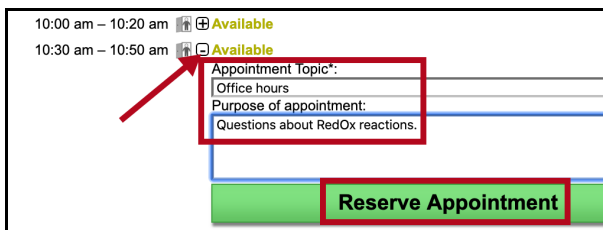

1. When your students log on, they should go to Collaboration on the navbar and choose Webex.
2. They will choose your name from the "Book appointment with" dropdown menu.

3. The students will see a list of all available appointments.
