

# Create a Question Pool

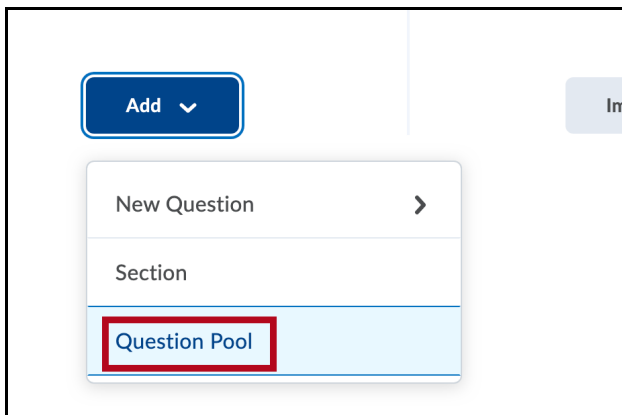

Last Modified on 07/15/2020 9:44 am CDT

## To Create a Question Pool:

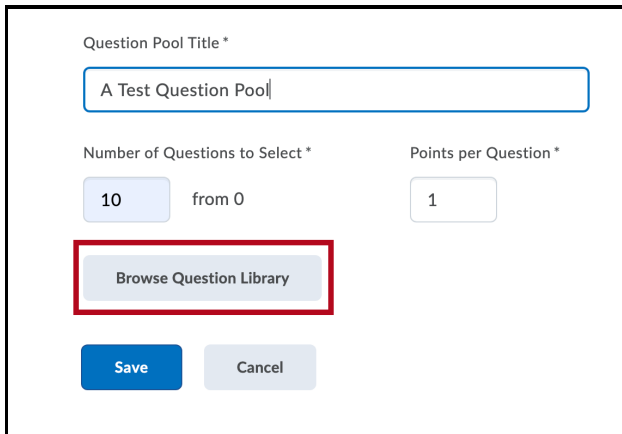

1. Click on **Course Activities** and choose **Quizzes**.
2. Click on the name of the Quiz to which you want to add a Question Pool, or create a new quiz.
3. Click the **Add/Edit Questions** button.

4. On the following screen, click on the **Add** button and choose **Question Pool**.

5. Fill in the title of the Question Pool, enter the number of questions to select on each quiz, and how many points you want each question to be worth.

A screenshot of a web form for creating a question pool. It has three main sections: 1. "Question Pool Title \*" with a text input field containing "A Test Question Pool". 2. "Number of Questions to Select \*" with a numeric input field set to "10" and "from 0" next to it. 3. "Points per Question \*" with a numeric input field set to "1". Below these fields is a button labeled "Browse Question Library" which is highlighted with a red rectangular box. At the bottom of the form are two buttons: "Save" (blue) and "Cancel" (grey).

6. Click the **Browse Question Library** button to add questions to the Question Pool.
7. Choose the questions you would like to add to your Question Pool, then click the **Add** button.
