

Add McGraw-Hill SIMnet to Your D2L Course

Last Modified on 03/22/2023 1:10 pm CDT

NOTE:

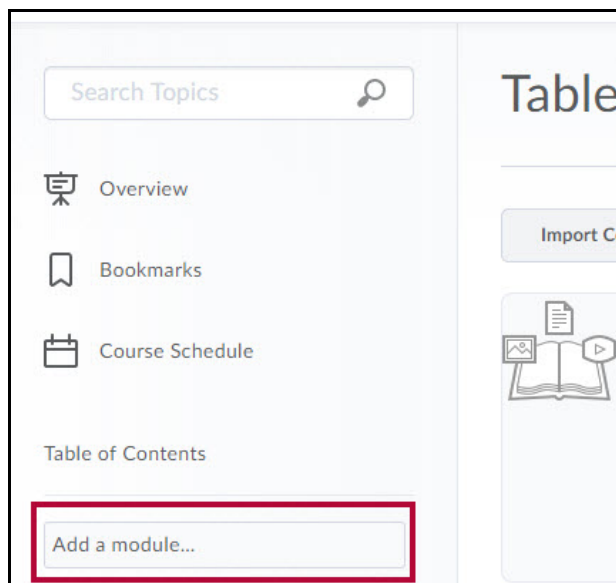

- This article assumes that your course has already been built in McGraw-Hill SIMnet.
- LSC-Online does not have access to your McGraw-Hill account. For integration issues, please contact your McGraw-Hill representative.

McGraw-Hill SIMnet (Keep I. T. SIMple!)

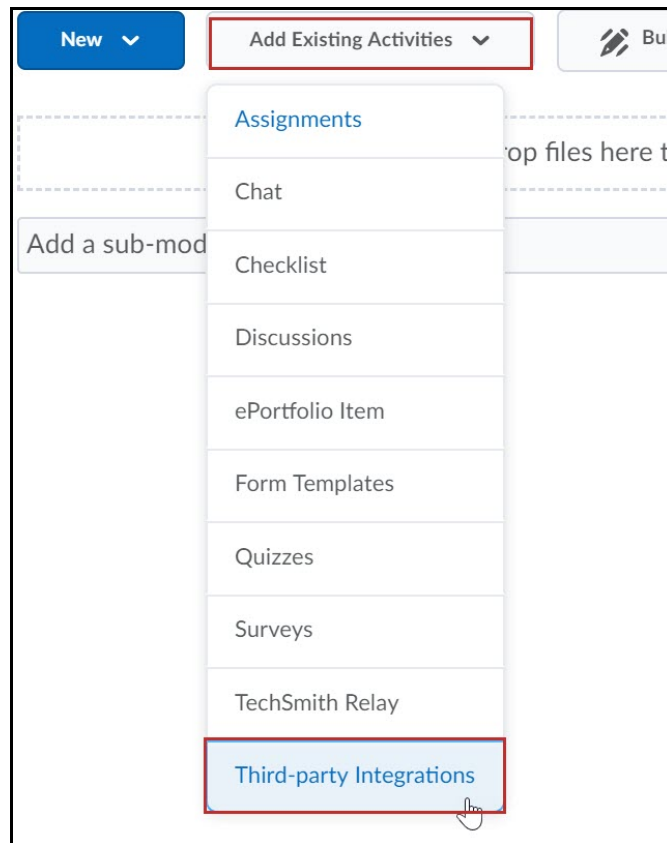

McGraw-Hill SIMnet (Keep I.T. SIMple!) (<https://www.mheducation.com/highered/simnet.tools-success-tab.html>) is an easy-to-use online training and assessment solution for Microsoft Office. It provides students with life-long access and unlimited practice on Microsoft Word, Excel, Access and PowerPoint in addition to file management, and operating systems content.

Adding McGraw-Hill SIMnet Content to Your D2L Course

1. Open your course in D2L.
2. Go to Content and select the module where you want to insert the McGraw-Hill SIMnet integration (for example, add a module and give it a name (e.g., "McGraw-Hill SIMnet").

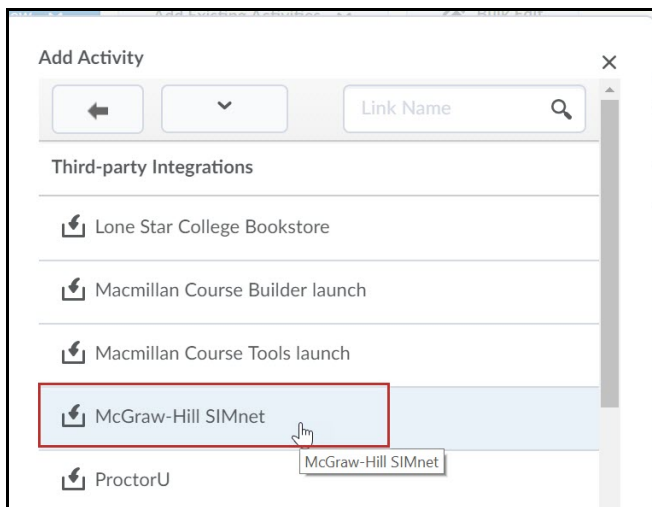

3. In your module, click the **Add Existing Activities** button, and select **Third-party**

Integrations.

4. Select the **McGraw-Hill SIMnet** link. Mcgraw-Hill SIMnet displays in the module. **Be sure the link is NOT set to open as an external resource.**

Copying Courses with McGraw-Hill SIMnet Content

Show Video Walkthrough

1. Copy your D2L course (<https://vtac.lonestar.edu/help/copy-course-components-advanced>); do **not** rename the SIMnet assignments in the copied D2L courses.
2. Copy your SIMnet section from the SIMnet Master course; do **not** rename the SIMnet assignments in the copied SIMnet sections.
3. Pair your D2L course to your SIMnet section.
4. Go to the SIMnet tool in D2L and click "Re-link Assignments."

The screenshot shows the SIMnet interface for a course titled "Thuan D2LInst1 Pilot Pairing 5.11.2017". The header includes the SIMnet logo, the user name "Thuan Vinh", and navigation links for "HELP", "BLOG", and "FULL SIMNET". Below the header, there are several sections: "Quick Links" with links for "Edit/Assign", "Organize", "Integrate", and "Gradebook"; "Tools" with a link for "Re-link Assignments" which is highlighted with a red box; and a footer note stating "SIMnet assignments in this course may have been copied from a previous LMS course and will not be active until you re-link them. Assignment re-linking will also apply organizational".

5. If you want to change assignment names or dates, make the change in SIMnet and they will automatically flow back to D2L.
6. Any grade adjustments for an assignment should also be made in the SIMnet gradebook and will automatically flow back to the D2L gradebook.
