Brightspace Community

The Brightspace Community site is the primary destination for D2L's community of clients, partners, users, developers and D2L staff to share ideas, knowledge, and resources with others. You can connect with other D2L users and D2L staff through membership and discussion forums.

Product Ideas Exchange

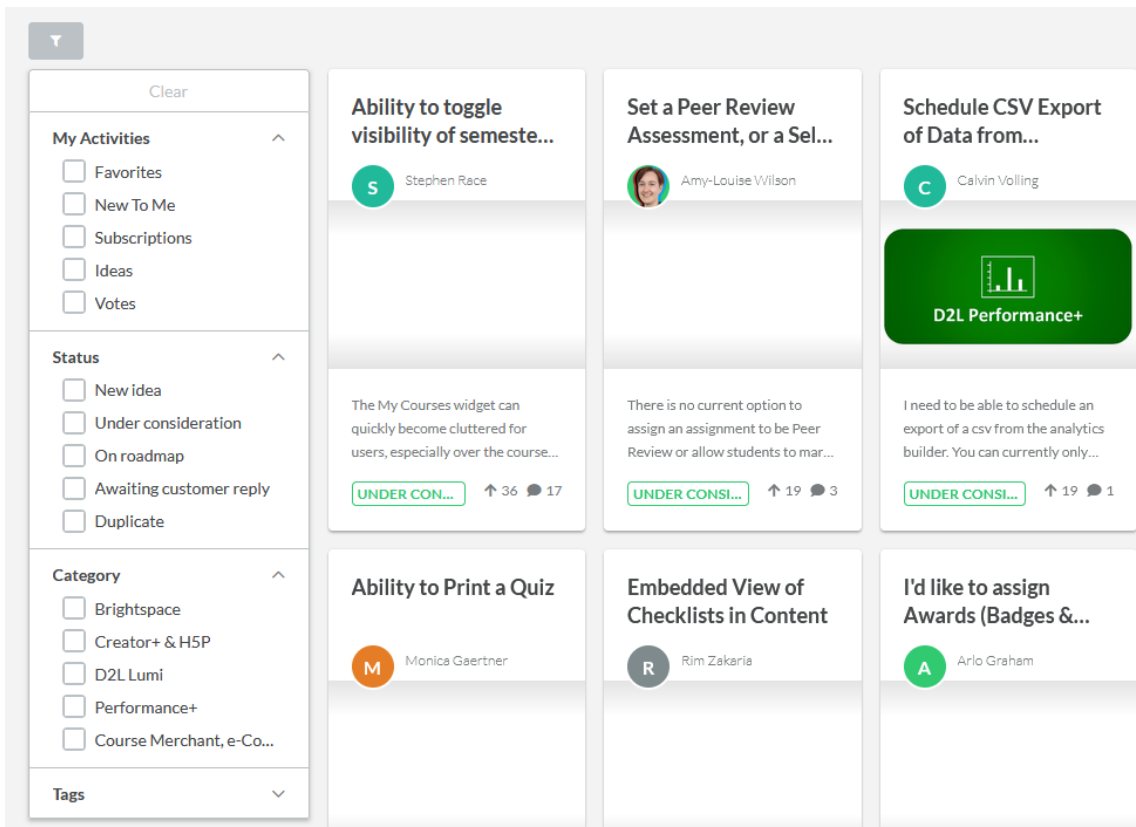

The Product Ideas Exchange, hosted on the Brightspace Community site, is a place where you can share your ideas about how to make D2L better, discuss them with fellow Community members, and cast your vote for ideas that you would like to see developed. As a user of the Product Idea Exchange, you can share your ideas for future enhancements and monitor the ideas of others.

Getting Started: Create Your Brightspace Community Account

1. Go to <https://community.d2l.com/brightspace>
2. Click the **Sign In** button.
3. Click on **Sign up now** link.
4. Complete the enrollment form.
5. Click **Create**.
 - Use your **Lonestar.edu** email to register so we can search for your ideas.

Find Ideas That Have Already Been Submitted

1. Log in to the Brightspace Community: <https://community.d2l.com/brightspace>
2. Click on **Resources** in the top navigation menu and select **Product Ideas Exchange**.
3. Enter search criteria in the Search field and click the magnifying glass or press Enter.
 - Search results can be filtered by different criteria in the left-hand column.
 - Filter by **@lonestar.edu** to show ideas created by Lone Star College faculty and staff.

You can also search by keywords to see if an idea that you have is already submitted. If you click on a submission tile, you can read more details and vote for it by clicking on the **Like** button. You can see at a glance the number of votes, rank, views and comments.

When an idea gets enough votes, D2L looks at implementing it. Login regularly to see new ideas submitted and how the voting is going.
