

Allow Retake of a Quiz

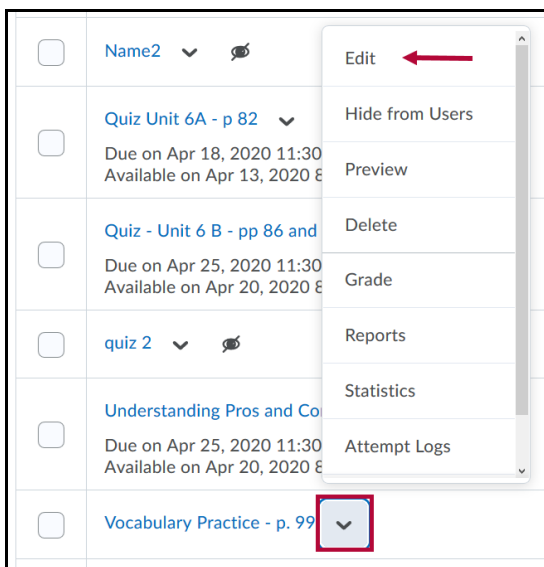

Last Modified on 03/31/2022 8:51 am CDT

Allow Retake of a Quiz

On new or existing quizzes, you can allow students more quiz attempts (up to 10, or an unlimited number) and calculate a grade based on their highest attempt, lowest attempt, first attempt, last attempt, or the average of all attempts. You can also put restrictions on whether students are allowed to take further attempts based on the grades made on the previous attempts.

Go to the quiz you wish to edit by clicking **Course Activities** on the Navbar followed by **Quizzes**.

Make a new quiz or locate the quiz you wish to have students retake. On the drop down menu of the selected quiz select **Edit**

Click on the **Assessment** tab,

Scroll down to the Attempts area. Set the Attempts Allowed number to the number of attempts you want students to be able to make and select your Overall Grade Calculation. In this example "Highest Attempt" has been selected..

Attempts

Attempts Allowed ⓘ

2

Optional Advanced Attempt Conditions will appear if a number of attempts from 2 to 10 is applied.

Overall Grade Calculation

- Highest Attempt
- Lowest Attempt
- Average of all Attempts
- First Attempt
- Last Attempt

Attempt Conditions

For each attempt, enter a minimum and/or maximum percentage to qualify for another attempt.

If the minimum and/or maximum percentage is left blank, it will not apply. If both are left blank, the attempt will be allowed.

Attempt 2 - Min: % Max: % on Attempt 1

Retake Incorrect Questions Only

When this setting is selected, learners who attempt a quiz more than once can only answer questions that were incorrect on the previous attempt. If you are using Automatic grading, Written Response questions will be marked as 0 and included in future attempts until they are graded manually.
