

Add Connect4Education Content to Your D2L Course

Last Modified on 04/07/2026 10:04 am CDT

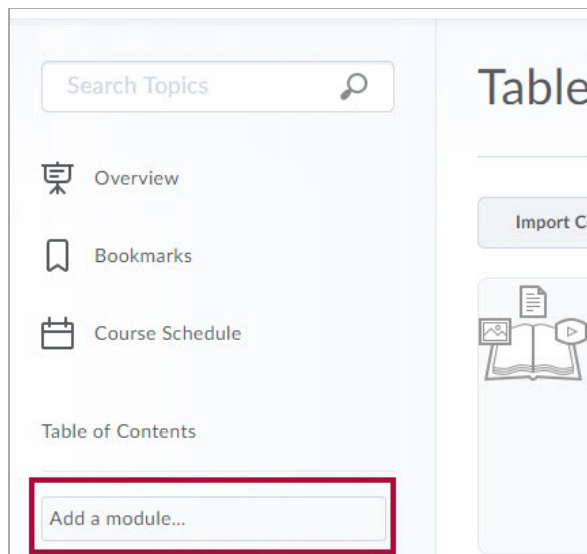

Online Services does not have access to your **Connect4Education (C4E)** account. For integration issues or questions, please contact [C4E Support](https://connect4education.com/help/) (<https://connect4education.com/help/>).

Connect4Education (C4E) offers two types of integration: **DeepLink LTI Integration**, which adds C4E links directly to your D2L Content, and **Simple LTI Integration**, which syncs your D2L Gradebook with C4E but does not add links to your D2L Content.

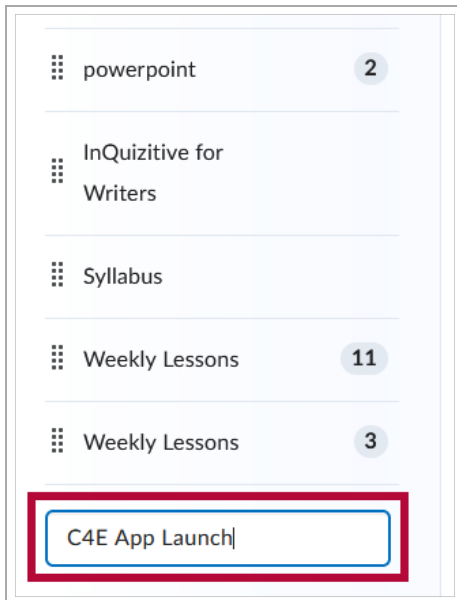

Using DeepLink LTI Integration

NOTE: C4E DeepLink LTI Integration is enabled for all D2L courses by default, no additional request is needed to enable the integration if you intend to use the DeepLink Integration.

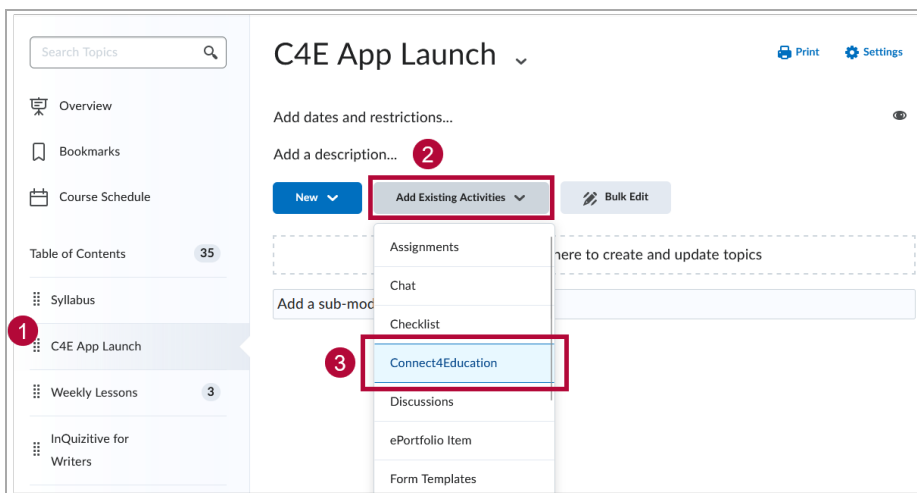

1. Open your course in D2L.
2. Navigate to **[Content]**. If you have not yet created a module to insert the integration into, then from the **Table of Contents** on the left, click into the **[Add a module...]** field. If you already have created a module to insert the integration into, select the module where you want to insert the **C4E** integration and skip to **Step 4**.

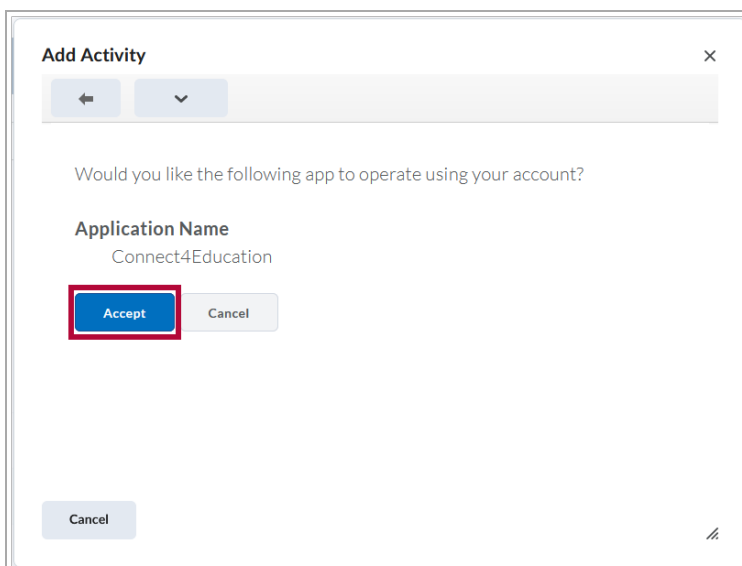

3. Give your new module a title, for example, **C4E App Launch**, and press **[Enter]**.

4. Access the new module you created in the previous step. From the **[Add Existing Activities]** dropdown, select **[Connect4Education]**.

5. On the screen that appears labeled **Add Activity**, click **[Accept]**.

6. After clicking **[Accept]**, you will be prompted to enter the **Secret Key** for this specific course. This key will be provided to you by the **Connect For Education Technical Support Team**. Enter the **Secret Key** for the course and click **[Load the course]**.

The screenshot shows a dialog box titled "Add Activity" with a close button (X) in the top right corner. Below the title bar is a navigation bar with a back arrow and a dropdown arrow. The main header area contains the C4E logo and the text "C4E LTI Deep Link App". The body of the dialog contains the following text: "Hello, You are going to import course material into [redacted]. Please provide your secret key to access the course content:". Below this text is a text input field labeled "Secret key:". A blue button labeled "Load the course" is positioned below the input field. At the bottom left of the dialog is a "Cancel" button, and at the bottom right is a small icon representing a keyboard.

7. The process will continue within C4E. Please see their instructions, [Connect4Education Faculty Guide](#) (<https://dyzz9obi78pm5.cloudfront.net/app/image/id/6192cc850f74e19a567b23d4/n/c4edeeplinkltifacud2l.pdf>) for further steps.

Using Simple LTI Integration

- You can access the [Simple Link Faculty Instruction Guide](#) (<https://dyzz9obi78pm5.cloudfront.net/app/image/id/64e3c6b32e4b1c41056c6faf/n/creatingltiink-d2l-simple.pdf>). For additional assistance, please contact your **Connect4Education** representative.
