Manual Upload or Download from YuJa
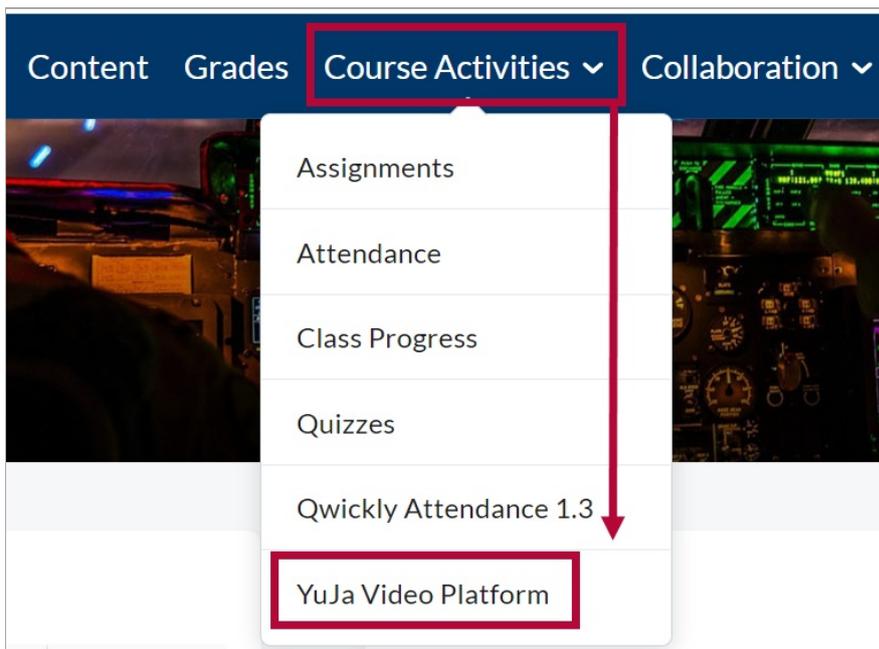

This article describes how to upload and download videos to and from YuJa.

## Upload Video to YuJa

> ▶ **Show Video Walkthrough**

1. From the Course **NavBar**, select **[Course Activities]** followed by **[YuJa Video Platform]**.

2. From your **Yuja Media Library**, select **[Upload]** near the top of the page.

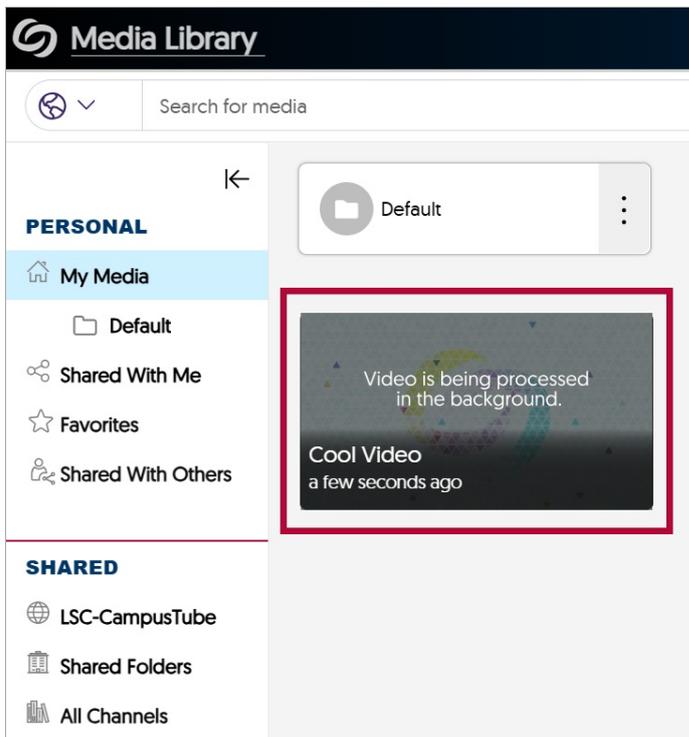

3. In the **Add Media** window. you may either:

   A. Drag and Drop your file into the dashed box.
   B. Select **[Browse]** and manually navigate to your video's location and select it for upload.

4. A progress bar will appear in the lower-right corner of the page while the video is uploading to YuJa.

5. Your video will take a moment to fully process but can still be linked in D2L while it is processing.
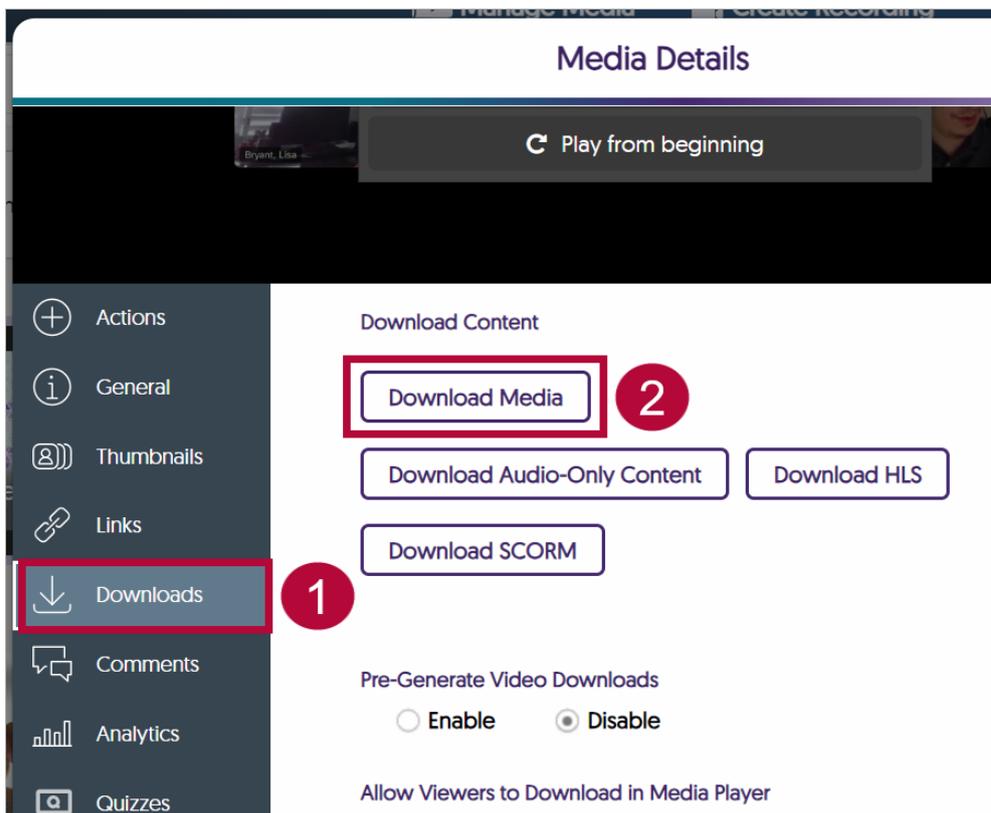

Download Video from YuJa
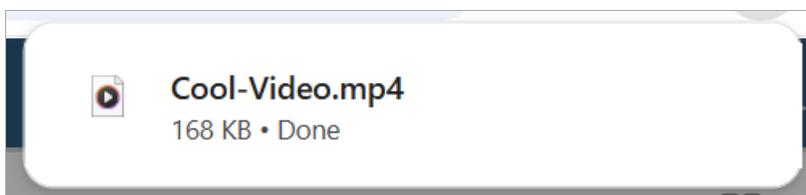

▶ Show Video Walkthrough

1. From your **YuJa Media Library**, hover the mouse over the video you want to download and select **[More]**.

2. Select **[Downloads]** on the left, followed by **[Download Media]**.

3. You will receive a browser notification confirming the video has been downloaded. It will be saved to your local **Downloads** folder.
