- Integrating the YuJa Software Capture Ribbon onto PowerPoint (https://support.yuja.com/hc/en-us/articles/8355415991447-Integrating-the-YuJa-Software-Capture-Ribbon-to-PowerPoint#adding-the-yuja-software-capture-ribbon-to-powerpoint-0-0)

Installing the Software Capture for PC

If YuJa Software Capture fails to launch after installation, please refer to [this link](https://vtac.lonestar.edu/help/yuja-software-capture-downloads) (https://vtac.lonestar.edu/help/yuja-software-capture-downloads).

Using the Software Capture for PC

Installing the Software Capture for Mac	**Using the Software Capture for Mac**

(https://www.w3schools.com/w3css/4/w3.css)

Requesting Auto-Captions 🔗 (https://support.yuja.com/hc/en-us/articles/360043421473-Requesting-Auto-Captions)

How to request Auto-Captions for your videos.

Video Editor Overview 🔗 (https://support.yuja.com/hc/en-us/articles/360045477574-Video-Editor-Overview#accessing-the-video-editor-0-0)

A quick run-down on how to do video editing in YuJa.

Overview of Video Platform Video Quizzes 🔗 (https://support.yuja.com/hc/en-us/articles/360043217854-Overview-of-Video-Platform-Video-Quizzes)

Covers most of the topics and tips on YuJa Video Quizzes.

Using Media Playlists 🔗 (https://support.yuja.com/hc/en-us/articles/360051854753-Using-Media-Playlists)

Media Playlists make it convenient for Content Creators to share a custom playlist of multiple videos using a single link with users outside of the Video Platform.

Using the Media Chooser (https://support.yuja.com/hc/en-us/articles/4407019647511-Using-the-Media-Chooser-for-D2L) 🔗 (https://support.yuja.com/hc/en-us/articles/4407019647511-Using-the-Media-Chooser-for-D2L)

Use the YuJa Media Chooser to upload or create new content, and embed that content directly in D2L, or create a link to your content.
To view the webinars presented by YuJa, visit the **Webinar Trainings Library**
(https://vtac.lonestar.edu/help/training-library#yuja-video-platform---new).

Integrating the YuJa Software Capture Ribbon onto PowerPoint 🔗 (https://support.yuja.com/hc/en-us/articles/8355415991447-Integrating-the-YuJa-Software-Capture-Ribbon-to-PowerPoint#adding-the-yuja-software-capture-ribbon-to-powerpoint-0-0)

This is helpful feature for instructors who use Powerpoint for their lectures.
