

YuJa Software Capture for Desktop [Alternate Installer]

Last Modified on 03/17/2025 1:40 pm CDT

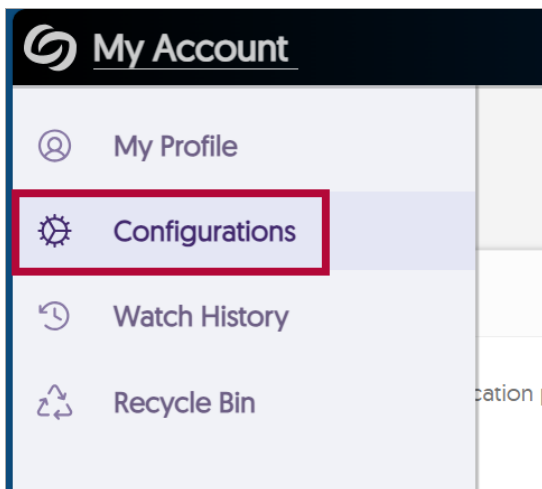

If you experience issues installing **YuJa Software Capture** due to admin rights on an LSC computer, please refer to the following steps to download the YuJa **Alternate Installer**.

Install YuJa Software Capture Using the Alternate Installer

1. From the YuJa homepage, select the **[My Account]** icon in the upper-right corner of the page, followed by **[My Account]**.

2. Select **[Configurations]** from the left panel.

3. Select **[Alternate Installer]**. When the download is complete, be sure to open the file.
