# YuJa Software Capture for Desktop [Alternate Installer]

Last Modified on 11/18/2024 11:40 am CST

How to Install YuJa Software Capture Using the Alternate Installer

After installing **YuJa Software Capture**, if for some reason you are not able to launch YuJa, please refer to the following steps to download YuJa using the **[Alternate Installer]**.
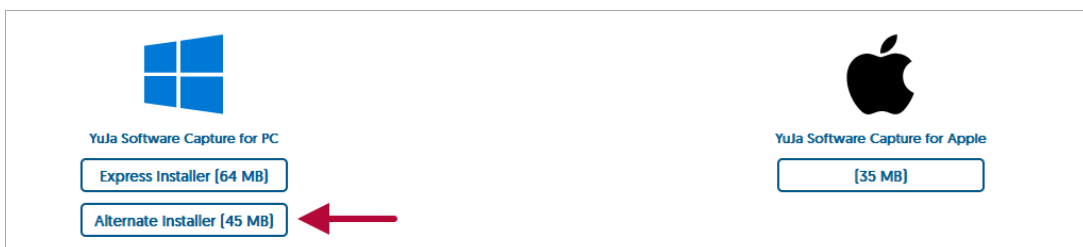

- From the YuJa homepage, Click on the **My Account** icon at the upper-right corner of the page.

- Mouse over the blue vertical toolbar on the left, click on **[Download]**.

- Select **[Alternate Installer]**. When the download is complete, be sure to open the file.
