How to Convert a Webex Recording Link into a YuJa Video Link

Last Modified on 10/24/2022 9:13 am CDT

To convert your Webex videos into YuJa video links, the process is as follows:

1) **Download** your videos from Webex.
2) **Upload** your videos to YuJa.
3) **Link** your YuJa videos into your D2L Content Module.

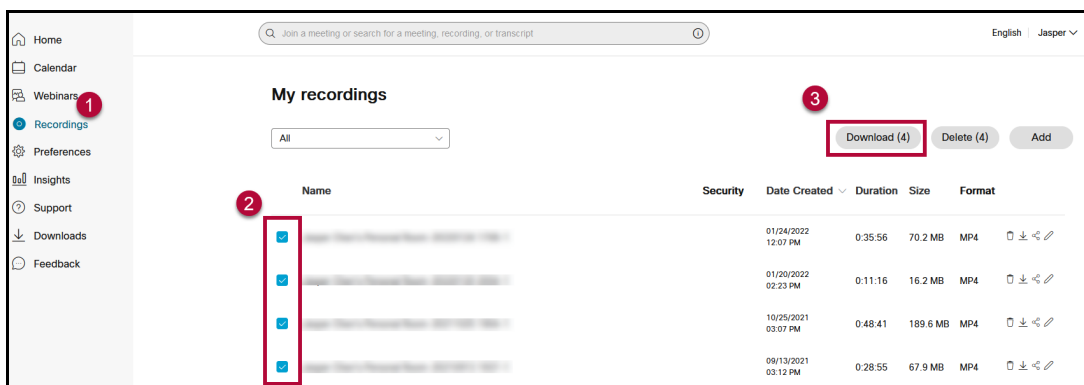

In this article:

- Download Videos from Webex
- Upload Videos to YuJa
- Link the YuJa video into your D2L Content module

Download Videos from Webex

1. Sign in to your **lonestar.webex.com** (https://lonestar.webex.com) account. The button will be on the **upper-right** of the page.

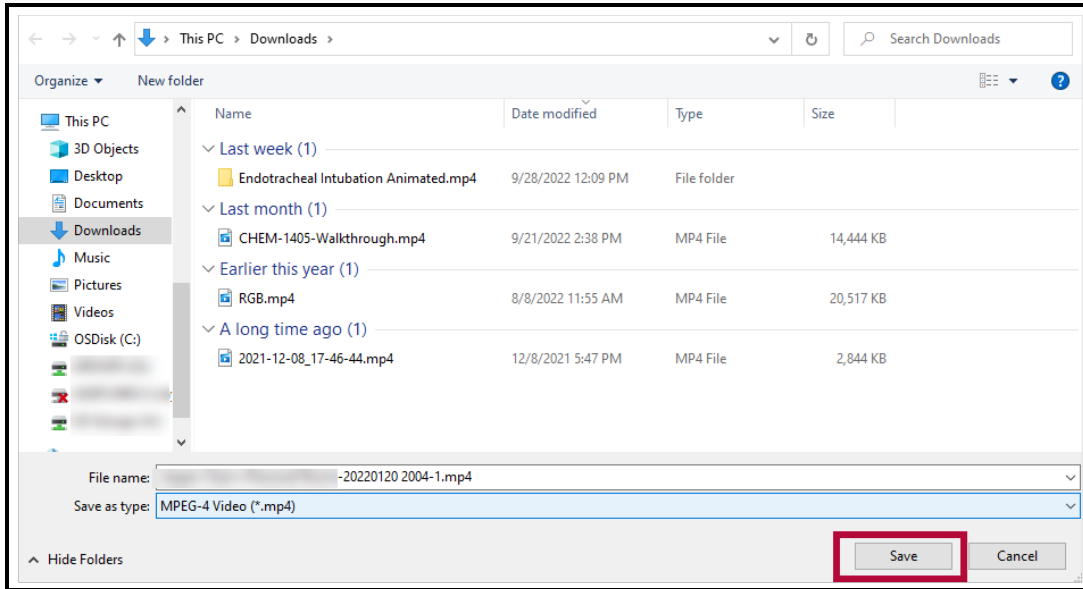

2. On the **Recordings** tab, check the boxes of the videos you wish to download. Click on **[Download]**.

3. On the popup window, click **[Download]**.

4. **[Save]** the video to a known location. You may have to click on this button repeatedly for multiple videos.

Upload Videos to YuJa

Now that you have your videos downloaded from Webex, the next step is to upload the file to your **YuJa Media Library**.
1. From the D2L **NavBar**, click on **[Course Activities]** -> **[YuJa Video Platform]**.

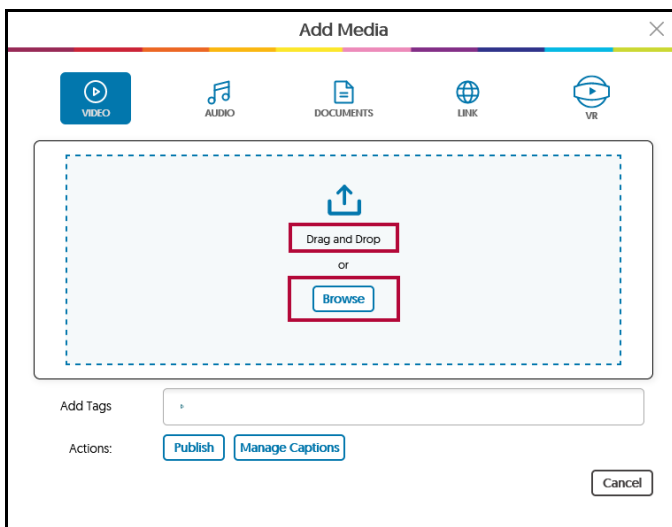

2. On your **YuJa Media Library** page, click on **[Manage Media]**.
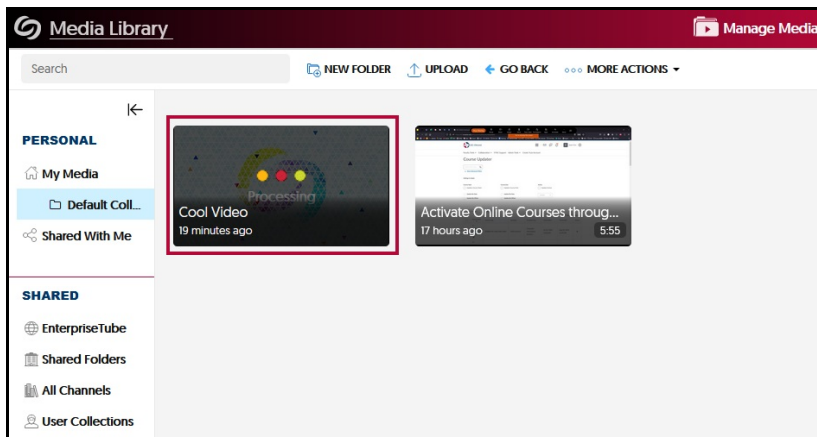

3. Click **[Upload]** in the menu.

4. In the **Add Media** window. **Drag and drop** your file into the dashed box, or click on **[Browse]** and manually navigate to your video's location for upload.

5. A progress bar will appear in the lower-right corner of the page.

6. Your video is now ready to be linked to D2L.

Link the YuJa video into your D2L Content module

Follow the steps in the Add YuJa Video to Content Modules (https://vtac.lonestar.edu/help/add-yuja-video-to-content) article to finish the linking process.
