Last Modified on 09/27/2024 2:11 pm CDT

Currently the Auto-sync between the **Yuja Video/Playback Quiz** beginning from the quiz's creation date lasts approximately 30 days. Once this limit is reached, the quiz will no longer auto-sync with the D2L gradebook. If your Yuja Video/Playback Quiz Grades are not syncing, or not transferring to the D2L Gradebook correctly, please follow the steps in this article to manually extend the Auto-sync.

1. Within the Yuja Video/Playback Quiz, select **[More...]**.

2. On the next page, select **[Quizzes]**, then **[Activity Logs]**.

3. Within the **Activity Logs**, use the shortcut key **[Ctrl+F]** and find the option to **[Extend]** the quiz. This will extend the limit by another 30 days.
