

Install ReadSpeaker into SoftChalk

Last Modified on 06/24/2024 11:09 am CDT

1. There are two ways to setup **ReadSpeaker** with your **SoftChalk**:
 - A. From **SoftChalk Create Online**, click on **[Settings]** → **[ReadSpeaker]**.

- B. From the **SoftChalk Desktop App**, click **[Tools]** → **[ReadSpeaker]**.

2. On the ReadSpeaker Setup window, fill in the fields with the following:
 - A. Customer ID: **8861**

B. JavaScript URL:

*//f1-na.readspeaker.com/script/8861/webReader/webReader.js?
pids=wr&dload=DocReader.AutoAdd,Custom*

C. Location of tool: **[Top of page]**.

D. Enable the **[Enable ReadSpeaker]** checkbox.

ReadSpeaker

The ReadSpeaker feature adds a Listen button to your lesson so the text on a page of your lesson can be read out loud. The text of Tooltips will not be read. The text of QuizPoppers, Quiz Groups (all at once and show group options selected) and Activities (display inline option selected) will be read.

The ReadSpeaker feature works only on lessons published or uploaded to a learning management system, website, or SoftChalk Cloud.

In order to use the ReadSpeaker feature, you must purchase a separate ReadSpeaker account from ReadSpeaker.

Enter your ReadSpeaker account information below. Select 'Enable ReadSpeaker' once you have completed your information.
