

# Add McGraw-Hill GO to Your Course

Last Modified on 12/11/2025 12:33 pm CST

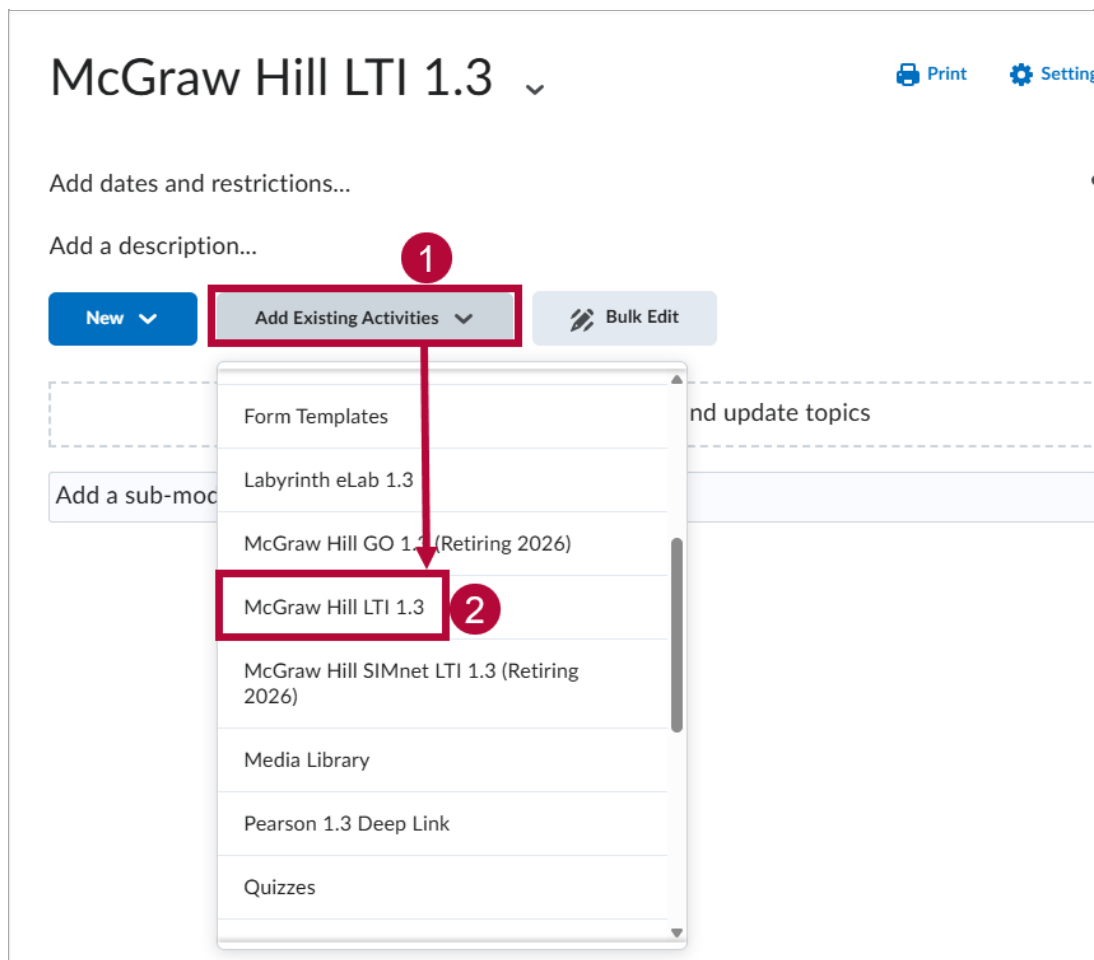

**Online Services** does not have access to your **McGraw-Hill** account. For integration issues or questions, please contact **McGraw-Hill support** or reference the [McGraw-Hill GO Instructor Guide](https://www.mheducation.com/highered/support/go/d2l-instructor-guide.html) (<https://www.mheducation.com/highered/support/go/d2l-instructor-guide.html>).

**McGraw Hill GO** (<https://www.mheducation.com/highered/go>) takes affordable and easy-to-use eBooks to a new level with tools to help instructors manage their classes and students to maximize their learning. GO is a lighter version of **McGraw-Hill Connect** trading customization for simplicity and lower cost for student access codes.

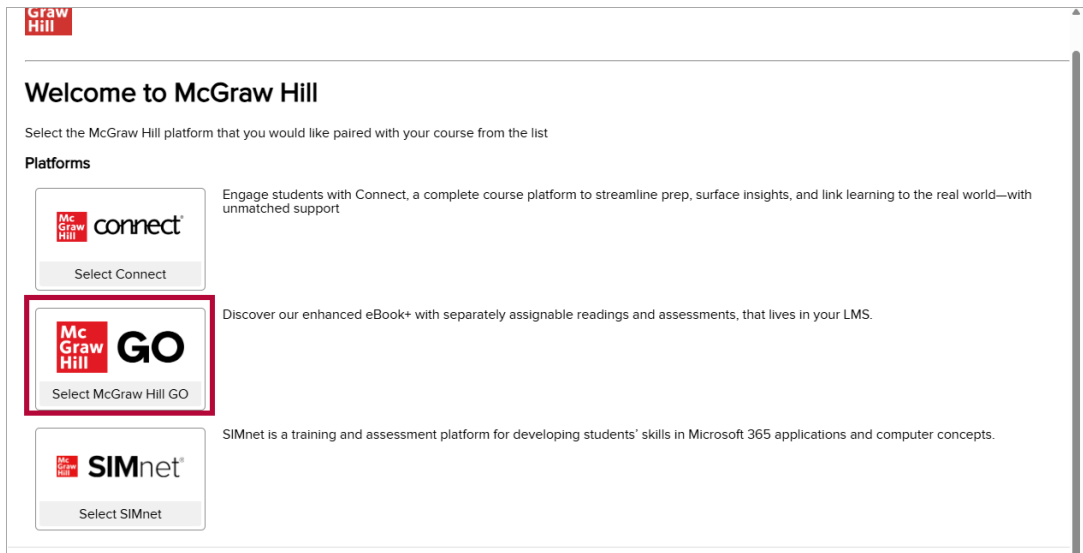

## Adding McGraw-Hill GO to your Course

**NOTE:** McGraw-Hill is moving their tools to a single D2L Integration. You can now find all 3 McGraw-Hill products: Connect, Go, and SIMnet, under the **[McGraw Hill LTI 1.3]** integration. You can continue to use the Legacy SIMnet and Go tools **through the end of Fall 2025**.

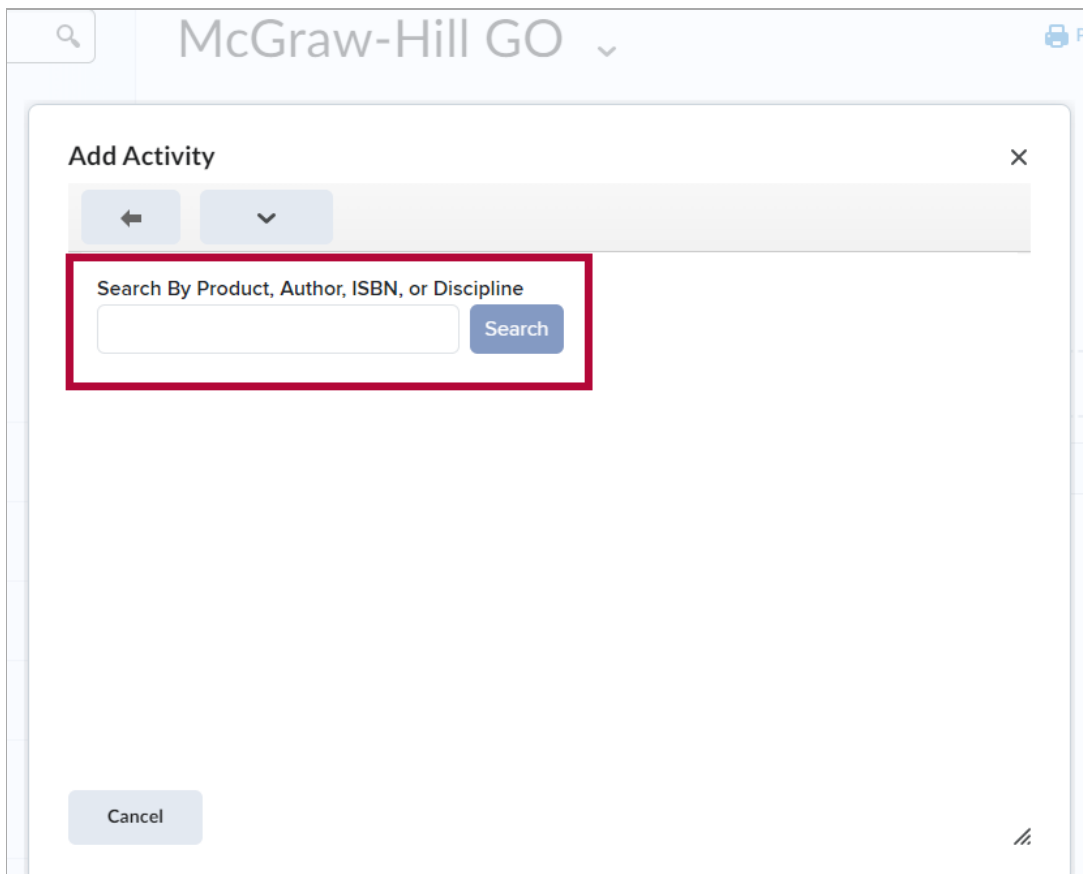

1. Navigate to your **Content Module** → **[Add Existing Activities]** → **[McGraw Hill LTI 1.3]**.

2. Click on **[Select McGraw Hill GO]**.

3. To find your Textbook input either the **[Search by Product, Author, ISBN, or Discipline]** and **[Search]**.

4. Once the correct Textbook is found choose **[Select]**.
