

Archive or Restore a Course

Last Modified on 01/15/2026 12:16 pm CST

Access this form by selecting **[VTAC Self-Service Forms]** in the upper-left navigation menu, then choose the appropriate form from the list.

The **Archive and Restore Courses** form can be used to restore or archive courses and sandboxes. The toggle switch allows you to simply toggle a course's state between **archived** or **available**.

NOTE: All archived courses will be kept for **no more than 7 years** before they are purged. See the [D2L Course Purge \(https://vtac.lonestar.edu/help/course-purge\)](https://vtac.lonestar.edu/help/course-purge) article for more details on the purging process.

1. When opening the form, go to **Select Term** and click **[Select One]**. Then, choose the semester for the desired course from the list.

The screenshot shows a web form titled "Archive and Restore Courses". At the top, there is a large graphic with two arrows pointing in opposite directions. The left arrow is blue and contains the word "ARCHIVE" in white. The right arrow is green and contains the word "RESTORE" in white. Below this graphic, there is a section labeled "Select Term" which contains a dropdown menu with "Select One" selected. Below that is a section labeled "Courses Available" which is currently empty. A mouse cursor is visible over the "Courses Available" section.

2. Once you have chosen a semester, all relevant courses and sandboxes will appear under **Courses Available**. For each course you will see the following info:
 - A. **Course Title:** This column displays the *Course Title*.
 - B. **Course Offering Code:** This column displays the *Course Offering Code*.
 - C. **Content State:** This column displays whether the course has content.
 - D. **Course Status:** This column will display either *AVAILABLE* or *ARCHIVED*, depending on the current availability of your course.
 - E. **Archive/Restore Switch:** The **[Archive/Restore switch]** changes based on your course's current status (D Column).
 - If the course is *AVAILABLE*, the switch will display a blue *ARCHIVE* button.
 - If the course is *ARCHIVED*, it will display a gray *RESTORE* button.
