

Post-December 2024: Send a Copy of Outgoing D2L Emails to Your Outlook Inbox

Last Modified on 02/03/2025 3:41 pm CST

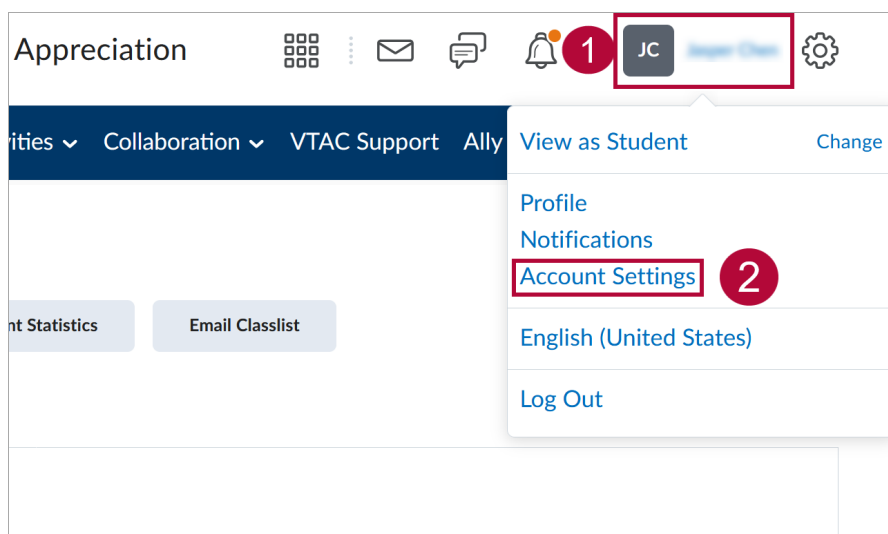

Instructors using **D2L Brightspace** can set up automatic forwarding of outgoing emails to their **Microsoft Outlook** inbox. This article outlines the steps to streamline email records, keeping all communications accessible in one central location.

NOTE: It is strongly recommended to regularly review your **Outlook Spam folder** to ensure important emails have not been mistakenly filtered.

Send a Copy of Outgoing D2L Emails to Your Outlook Inbox

Show Video Walkthrough

1. From the upper right corner of any D2L page, click on **[Your Account Name]** → **[Account Settings]**.

2. Click on **[Email]** → Enable **[Send a copy of each outgoing message to John.Doe@lonestar.edu]**. This should be your **LSC Employee Email** address. Click **[Save and Close]** when finished.

NOTE: Leave the "Reply to" **Email Address** field blank.

3. Please refer to [Microsoft 365 - Setup Rules in Outlook to Separate Student Emails \(https://vtac.lonestar.edu/help/microsoft-365-setup-rules-in-outlook-to-seperate-student-emails\)](https://vtac.lonestar.edu/help/microsoft-365-setup-rules-in-outlook-to-seperate-student-emails) for instructions on how to create a rule to organize all emails forwarded through D2L.
