Post-December 2024: Send a Copy of Outgoing D2L Emails to Your Outlook Inbox

Last Modified on 01/20/2025 10:49 am CST

Instructors using **D2L Brightspace** can set up automatic forwarding of outgoing emails to their **Microsoft Outlook** inbox. This article outlines the steps to streamline email records, keeping all communications accessible in one central location.

## Send a Copy of Outgoing D2L Emails to Your Outlook Inbox

Show Video Walkthrough

1. From the upper right corner of any D2L page, click on **[Your Account Name]** → **[Account Settings]**.
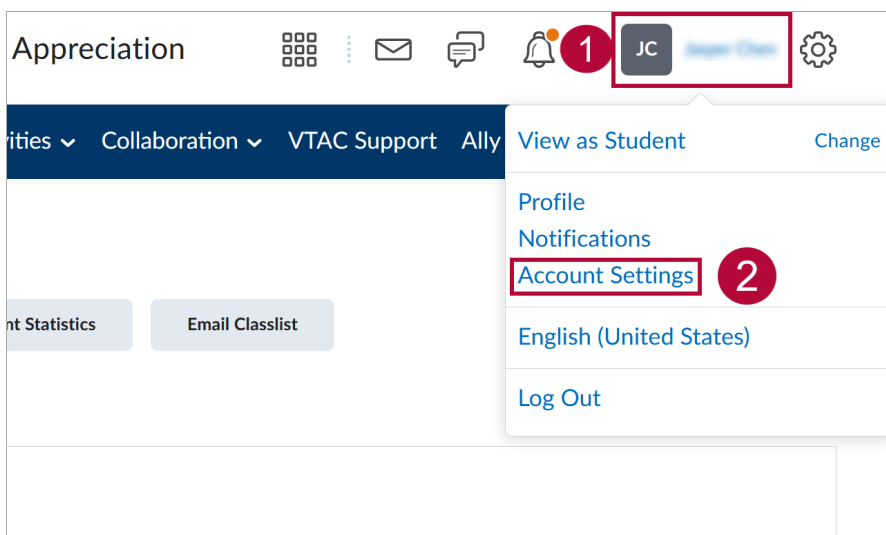

2. Click on **[Email]** → Enable **[Send a copy of each outgoing message to John.Doe@lonestar.edu]**. This should be your **LSC Employee Email** address. Click **[Save and Close]** when finished.

> **NOTE**: Leave the **"Reply to" Email Address** field blank.
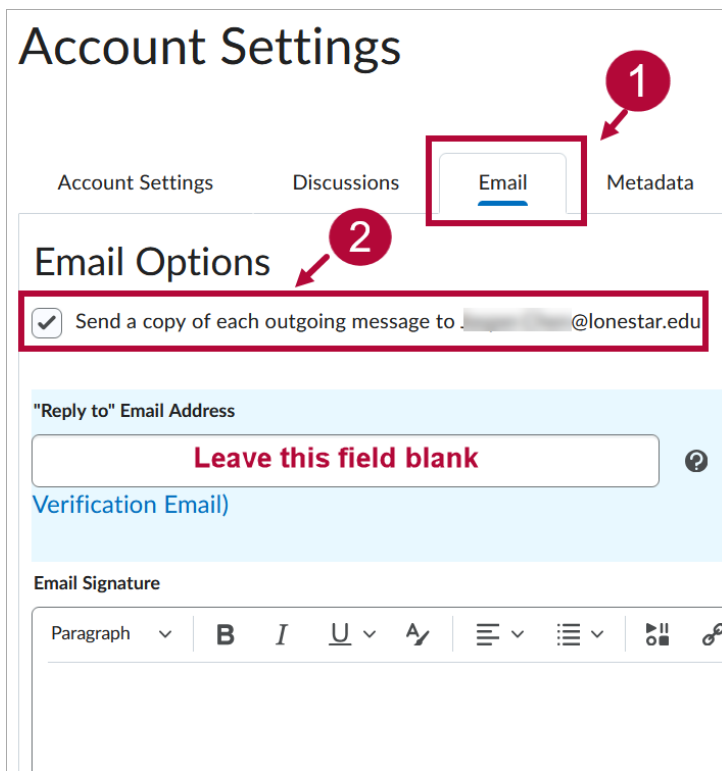

3. Please refer to [Microsoft 365 - Setup Rules in Outlook to Separate Student Emails (https://vtac.lonestar.edu/help/microsoft-365-setup-rules-in-outlook-to-seperate-student-emails)](https://vtac.lonestar.edu/help/microsoft-365-setup-rules-in-outlook-to-seperate-student-emails) for instructions on how to create a rule to organize all emails forwarded through D2L.
