Create Enhanced Audio Descriptions in YuJa
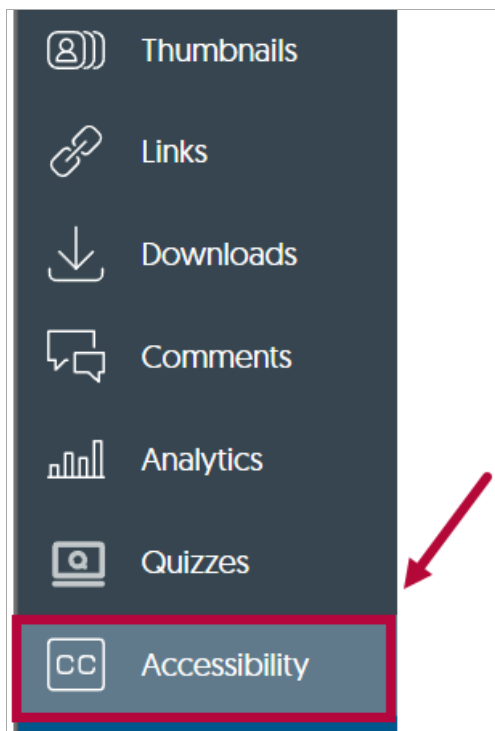

In **YuJa**, you can create enhanced audio descriptions that pause video playback to provide detailed scene descriptions, making content more accessible for individuals with visual impairments.
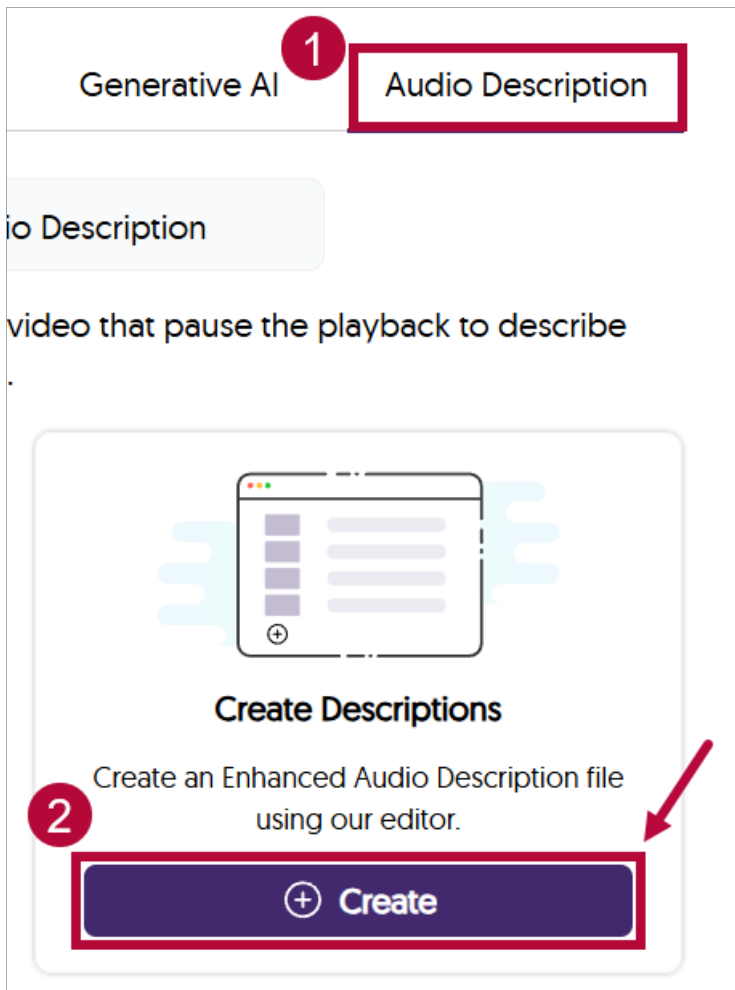

1. Hover your mouse over the video you would like to add audio descriptions to and select **[More]**.

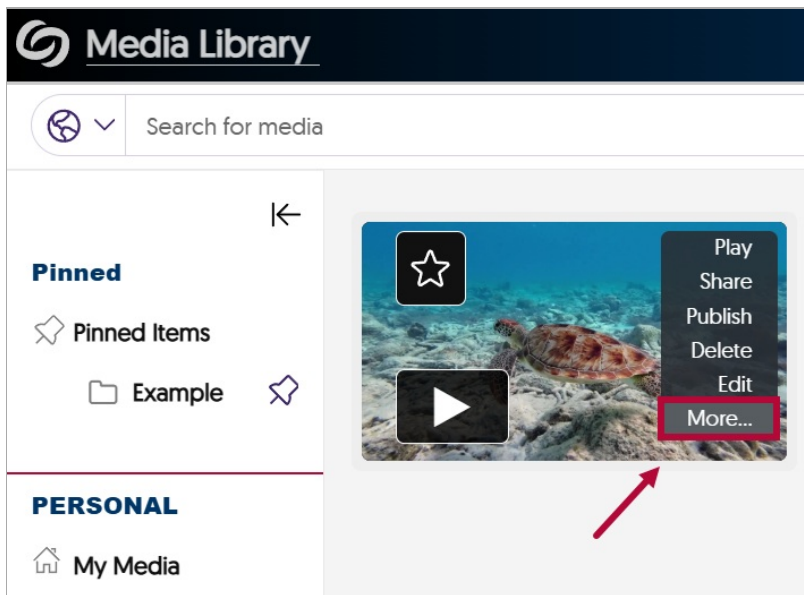

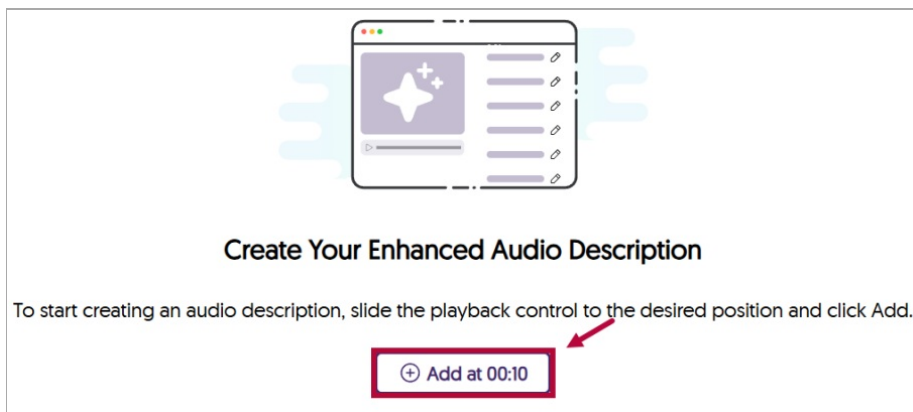

2. In the left-side banner, click on **[Accessibility]**.

3. Navigate to the **[Audio Description]** tab. Under **Create Descriptions**, select **[Create]**.

4. Navigate to a specific point in the video and click **[Add at *timestamp*]** to add the alternative description. In this example, the timestamp is at 00:10.

5. Insert an **enhanced audio description**.
