

Respondus Monitor Approved Publishers

Last Modified on 03/11/2026 11:09 am CDT

Respondus Monitor supports secure testing not only in D2L Brightspace but also through integrations with several publisher platforms. These integrations are included with your existing Respondus Monitor license and allow you to enable proctoring directly within the publisher's system. The following platforms are currently supported:

- [Cengage WebAssign \(http://web.respondus.com/webassign/\)](http://web.respondus.com/webassign/) - ( [View Webinar \(https://vimeo.com/1171067100\)](https://vimeo.com/1171067100))
