

Add American Chemical Society to Your D2L Course

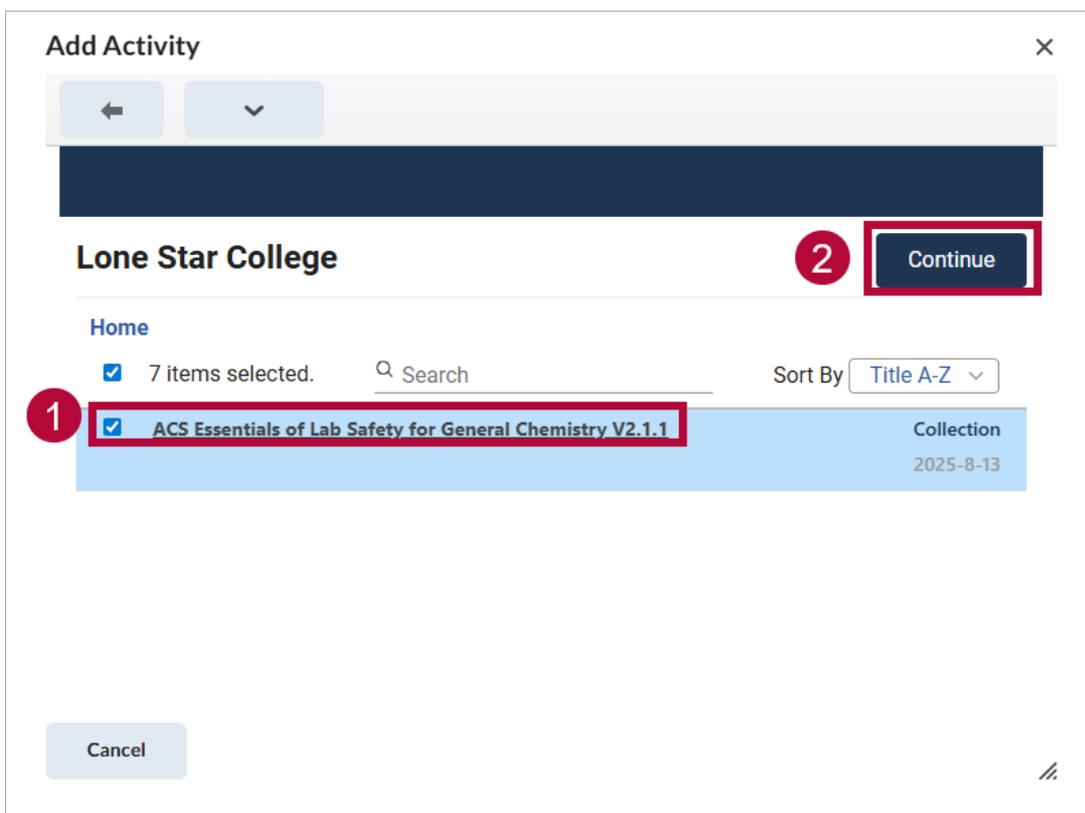

Last Modified on 02/25/2026 1:42 pm CST

The **American Chemical Society** integration is currently only available for **In-Person Chemistry courses** at **LSC-University Park**. If you wish to use this integration for a course that does not meet this criteria, please contact your Dean or Dept Head and **ACS** for purchasing information.

1. Navigate to the **Content Module** you intend to place **American Chemical Society** (ACS) links.
2. Select **[Add Existing Activities]** and **[American Chemical Society 1.3]**.

3. Select the checkbox **[ACS Essentials of Lab Safety]** → Select **[Continue]**.

4. All 7 items are now deployed in your content module.

NOTE: The **Module 7 Assessment** will create an associated D2L grade item automatically once the first student has completed the Assessment.
